No Money Down

This page of our catalog is a special message to you. All through the rest of the book you will find terms and credit arrangement for folks who have never traded with our house before.

Here we tell you about your special terms.

Don't pay any attention whatever to terms printed on the other pages of this catalog. As you go through this catalog, page after page, you will notice that a first payment is always asked on all orders. This does not refer to you.

You don't need to send any first payment with orders amounting to \$50.00 or less. When you are ready to ask us to send you something on free trial all you have to do is to write your order on the special old

customer's No-Money-Down order blank. You don't have to send one penny deposit on orders as high as \$50.00.

It makes no difference whether you order \$10.00 worth or \$20.00 worth, or \$50.00 worth, we will send your complete order for a whole month's free trial, No Money Down.

We even go further than that. If you will just refer to the special old customers' table of terms printed on the next page—page 2—you will see that on amounts above \$50.00 we have made the first payment terms—the deposit—so small that in your case it scarcely amounts to anything.

We bring these special no money down terms only to our old customers, and to old customers of the Martha Lane Adams Company and the Clement Company.

Pay No Attention to Credit Terms Printed on Other Pages You May Order No Money Down — On Approval — Year to Pay

Maybe the last time you ordered, you were a new customer and sent a deposit with your order. Now even that formality is ended. You don't need a penny to order—up to \$50.00 worth. Just use special order blank enclosed—tell us what you want. That's all. Your Special Terms are printed on Page Two.

First—Make Your Selection

We believe that we show in this bargain book the biggest choice of good house furnishings, at reasonable prices, that you will find anywhere. We show everything from cellar to garret.

We do not exaggerate our pictures. We make them true to life. We give all measurements and all sizes. We show not only how the outside is made, but we tell you exactly how the inside is constructed.

Second—Use Your Order Blank

There is a Special Old Customers order blank in front and another is bound in the back of this book.

It is arranged to avoid misunderstanding and mistakes. There is a place for your name and address in full, so we can make a proper record of your order and account. There are proper spaces for sizes, color and finish desired.

So when you get ready to order, write your order on one of the simple blanks, fill out all the spaces properly and then your selections will come promptly.

Third—No Money Needed

We are bringing you special terms. These No Money Down terms are only for our old customers, and the customers of the Martha Lane Adams Co. You don't need to send a deposit on any order up to \$50.00; above \$50.00 we also show you extra special terms.

Fourth—About a Year to Pay

Our special terms to you allow, on the average, about a year to pay on all purchases.

Such a long time means that on average purchases a few pennies a day laid aside are enough to complete your payments. A nickel or a dime a day is enough to bring to your home many a long desired, pretty home comfort.

Fifth—30 Days Real Trial

Our free trial is actually a free loan for 30 days. We send you your selection not merely to be looked at but actually to use for a whole month.

Don't be afraid to treat the articles just exactly as if you owned them from the very first minute they arrive. Give them exactly the use that you intend to give them if you keep them. We will take any article back if you decide, at the end of 30 days, that you don't want it.

Sixth—Return If Not Pleased

If you return an article we will pay the full transportation costs—whether it is freight, express or parcel post. In addition, we will also pay, in full, the complete return cost.

We will make this complete refund in cash and we won't ask you to accept anything else in exchange and there will not be a moment's delay.

You don't need to make any explanation or apology. No excuse whatever is expected.

The Strongest Guarantee Ever Given

Once more we refer you to our Guarantee Bond on the front cover of this book. Everything we have told you is covered by our Guarantee Bond.

Our Bond is legal. It is endorsed by the National Surety Company. Your own judge, in your own home town, will tell it must be fulfilled faithfully.

We print here the names of some of the biggest banks in the country, who know us and who will vouch for our responsibility. We refer to your own local banks also —

Our References—The Following Big Banks:

Illinois Merchants Trust Co., Chicago
Foreman National Bank, Chicago
Central Manufacturing District Bank, Chicago
South West Trust & Savings Bank, Chicago
National Bank of Commerce, New York
Bank of the Manhattan Co., New York
Chatham Phoenix National Bank, New York
American Exchange National Bank, New York
Philadelphia National Bank, Phila., Pa.
Boatmens Bank, St. Louis, Mo.
First National Bank, Joliet, Ill.

We refer you to your postmaster, to your station agent, to your freight agent or any railroad man. Write to any bank or business house in Chicago, if you please. Or you may write to any magazine in the country.

No Red Tape

After all, we aim to make our plan of doing business just a friendly arrangement between friends. We haven't any iron clad, rigid rules. We want to treat everybody just as nice as possible.

No Bother or Embarrassment. It would be so silly to offer you so many advantages, to take all the risk and expense of trying to please you, and then turn around and do something that would upset all our intentions.

Absolutely Confidential. We guarantee, absolutely, that we will not tell anybody that you buy from us. You can feel perfectly safe and sure that we are not going to ever write your employers, friends, neighbors or anybody else about you.

Dear Customer:

I am hurrying this Catalog to you without waiting for you to ask for it. Our Catalogs go so fast nowadays, that it's one of our hardest jobs to print enough. I thought our last book was perfectly wonderful—you remember we made it over entirely. This season I have been able to add a tremendous improvement.

Just for a moment, turn to our Rug Department. Did you ever see anything like it? Leaf it over page by page, and I feel certain you will agree this is the most wonderful display of rugs you have ever seen. It is undoubtedly the first time that rugs have ever been shown so true to life.

I am always trying to do something like this. I just love to think of things that will make it easier for our customers. I have made terms more and more liberal. You folks who have traded here for some time know how we have lowered prices. We are able to do this because we are growing bigger and bigger all the time. Today, we are the largest house of the kind in America.

I assure you I am not going to rest content with our present success-- I am not going to leave a stone unturned to do anything and every thing that is humanly possible to fulfill any wishes-- any dreams of yours for your home.

I particularly want you to feel that I am here to give you personal attention. That's my job! I want you to regard me as your personal representative with our house. I know when I go to stores to shop, I always like to be waited on by somebody that I know. Things always seem to go better.

May I ask you to look upon me in just this light? Whenever any questions come up in any of your dealings with our house that you want help on, I invite you to write me personally.

You have bought here before and you know that we sell everything on credit. But maybe the last time you bought, you came to us as a new customer and you sent us the first payment we require with orders. Now you are an old customer, and hereafter you don't need to send any money with your order-- up to as much as \$50.00 worth. This Special No Money Down credit is an added advantage I am glad to bring you.

I hope you will like this new Catalog. We have worked hard on it-- All of us. We're always glad to get any of your trade, even for the most trifling articles. I like to have our customers use us regularly. I furthermore want to thank you very much for the trade you have given us in the past.

Sincerely yours,

P.S. Will you kindly do a little favor for me? I enclose a postcard which I would like you to hand to some good friend of yours.

Here Is All The Information You Need To Order

How to Send Money

As an old customer, of course, you do not have to send a first payment when you buy anything up to \$50.00. These Special No Money Down Terms are for Old Customers only, folks who have bought from us before.

When your order amounts to over \$50.00, or when you send us your monthly payments, always send it in the form of a postoffice money order, express money order or bank draft. We do not accept postage stamps.

Always make your money order payable to the Spiegel, May, Stern Co.—never to an employee or department manager.

Don't send currency through the mail unless you register the letter.

If you live outside of town, you can give your money and letter to the rural carrier, who will buy the money order and mail it for you.

Freight Charges

On furniture and household goods freight charges are always paid by the customers. On United States Parcel Post shipments or express, charges are likewise paid by the customer.

Remember, whenever you return anything, we refund all transportation charge, whether freight, express, postage, that you have paid out; and even hauling expense.

We always prepay postage or express charges on watches and jewelry. We stand this expense ourselves.

No Discount for Cash

You, as an old customer, know that we don't charge anything extra for credit. Perhaps you may have seen other firms offer a discount for cash. We do not do this because we do not charge anything extra for credit. We urge you to keep on using your charge account here and not send cash.

Factory Shipments

When we buy up a maker's surplus stock, we don't

have it all sent to Chicago. We have a number of warehouses at central points so as to save you freight charges. We leave some of this stock at the factory. When the factory is nearer to you than we are, we ship direct from the factory and save you more money in this way.

About Returning Goods

If you will be kind enough to see that your full name and address is written large and clear on every package you return, it will help us to give you better service. Things returned by Parcel Post should be insured.

Be sure to keep your shipping receipts until you hear from us that your returned goods have been received by us.

We Have No Agents—We Do Not Employ Canvassers

Don't let anyone tell you that he is taking orders for us. This catalog is our only salesman. We sell only by mail and have no agents or canvassers employed to take orders for us.

If anyone tells you that he is taking orders for us, do not believe it. Don't give such a person an order, and by all means don't give such a person any money. It stands to reason that if we had to pay an agent's commission we would have to raise our prices to take care of such a commission.

Guaranteed Values

Whether you select an aristocratic Axminster rug—or a lovely velvet rug with a rich looking, soft pile—or one of the long wearing, dependable Brussels rugs—or one of the lower priced serviceable rugs—we absolutely guarantee them to satisfy you in every respect.

Every rug on these pages shows a real saving in actual dollars and cents. You can prove this by making your own price comparison. Whatever rug you select, you are going to get more than your money's worth.

On top of it all—CREDIT—credit so nicely arranged that even the bigness of the value is dwarfed by the simplicity of having—of owning—of paying. Satisfaction guaranteed by 30 days' trial and our double guarantee bond.

Month's Free Use makes it easy for you to compare quality, appearance and value.

All rugs are carefully pictured and accurately described. Still, there may be some doubt in your mind about how the rug is going to look on your own floor. Don't hesitate—don't wait a single minute, if you see a rug you like. Send for it on a month's trial loan.

When the rug arrives put it on your floor and actually use it as though it were your own. Place your furniture on it and see how it is going to look. Get the opinion of your friends and neighbors, if you wish. Actually use it and walk on it for a whole month first.

That is the way to try a new rug!

If for any reason you are dissatisfied, simply return it. On the other hand, if you are more than pleased, pay little by little, spreading the cost over practically a whole year.

Guaranteed Service, Too

Every rug on these pages will give you more than your money's worth in wearing qualities. Every rug has been selected for the service it will give you.

The lovely Axminster rugs are made with an all wool face, in an extra heavy high pile for which these rugs are noted. The wool has been especially selected for its ability to retain the colors and to give service.

Several pages of artistic velvet rugs afford a choice selection. The patterns will look like French Wiltons on your floor due to the high, compactly woven pile and choice quality all wool yarns used in weaving.

Dozens of patterns are shown in Seamless Tapestry Brussels Rugs. These are woven in the famous Brussels loop weave with all worsted face; attractive in appearance and dependable in quality.

Several pages of lower priced serviceable rugs will give you an opportunity for extra savings. Even the small rugs, so useful in many places throughout the home, are priced exceptionally low.

Make your selection from these pages! Remember, guaranteed values—guaranteed quality and service—guaranteed price savings—and guaranteed CREDIT, make it easy for you to get a new rug.

Axminster Rugs

Choice of Two Patterns 9x12 Foot Room Size Only

Every woman's idea of an attractive home is to have one or more room floors covered with a lovely Axminster rug.

They are so delightful to walk upon—so attractive in coloring, and made of such high quality wool face yarns, that the service they give returns their cost many times over in the course of many years of use.

Two patterns are shown here—both exquisitely designed and superbly colored, and made entirely in one piece without any seams whatsoever. Woven in that nice high resilient pile that is so comfortable and noiseless to walk upon. The yarns used in the face are selected long staple wool, especially chosen for their ability to retain the colors and

for their wearing qualities.

No. MC2216 shown on the left is a very rich looking, attractive pattern, while the one shown on the right, No. MC2218, is equally attractive and superbly colored. It is merely a matter of your individual choice which rug you select. Both rugs come only in the 9x12 ft. size, and you have your choice of either pattern at the same price.

Choice of Nos. MC-2216 or MC2218. Seamless Wool Face Axminster Rugs. Size 9x12 ft. only. Ship. wt., about 30 lbs. Pr., **\$46⁶⁰**

Extra Heavy Seamless Axminster Rugs

You, too, can make your home look distinctive and out of the ordinary by the use of either one of these superb patterns. Both rugs are extra heavy quality seamless Axminsters, woven with an all wool face in a high, luxurious pile for which these rugs are noted. The wool face yarns are dyed before weaving so that the lovely colors remain bright and attractive looking even after the rug has been on the floor for years.

Backs are sturdy and well made so as to hold the face yarns well in place. Quality, style, appearance and service are combined in rugs like these. It will pay you to buy a rug like this.

The rug shown on the left, No. MC2220, is a distinctive Chinese pattern with all over center design to emphasize its beauty. Exquisitely colored and extra well made throughout.

The rug shown on the right, No. MC2222, is an equally attractive pattern, brought out in superb colors, rich looking in appearance and perfectly designed. A rug like this on your floor emphasizes the beauty of your other home furnishings.

Both rugs are seamless, woven entirely in one piece and are of extra heavy quality. Furnished in your choice of two sizes.

Year to Pay-for A Year's Supply

Many housewives get in the habit of buying their sheets and pillow cases one or two at a time, whenever they need them in a hurry. This is expensive in the beginning, and wasteful in the end.

The proper way to buy sheets and pillow cases is to get a whole year's supply of a dependable grade, like we show on this page. You can order a generous supply of the plainer sheets and pillow cases and a few of the more attractively finished pieces for the guest room or for special occasions. Order enough to last you a number of years.

When you buy a good, dependable grade you know that the quality is going to be uniform throughout, and that every piece is going to give you the same long, dependable service. At the same time you can get your pieces to match. Your pillow cases are not going to be of one quality and your sheets of another. Everything is going to be the same high grade, and every time you make up your beds you are going to be still better satisfied.

Under our easy credit plan it is so easy to order a whole year's supply! Even the biggest order when spread over practically an entire year, comes to just a small amount each month. It will pay you to order your sheets and pillow cases from us.

All you need to do is let it dry out. It is nicely hemmed, and the size, 81x90 in., is sufficiently large to cover a full size bed nicely and have enough draping on the sides to look pretty.

Five Yards Dish Toweling Toweling measures 16 in. wide and is finished with pretty red border. There is sufficient in this five yards to make five towels. We are sending it to you all in one piece, however. This is a good, dependable toweling that will give excellent service.

Six Huck Towels Measure 16x28 in., brought out with pretty red border. They are a very absorbent quality, and the kind of a towel that will give excellent service and withstand washing.

Six Turkish Towels Measure 14 1/2 x 29 in. Full bleach quality. Made of a good grade of terry. Extremely absorbent. Can be used for face or bath purposes.

Two Large Turkish Towels Measure 20x44 in. Neatly finished. Full bleached. Made of a good grade of terry. Very absorbent. Ideal for bath purposes.

Four Bed Sheets Sheets measure 81x90 in., full bed size. They are seamless and full bleached, nicely hemmed, the kind of a sheet that will wash out well and iron out beautifully.

Four Pillow Cases match the sheets in finish and quality exactly. They are full bleached, and measure 21x35 in., just the right size for a regular size pillow.

One Rag Rug Brought out in the Old Colonial hit-and-miss quality, the kind that you can wash in the tub the same as a towel. It measures 25x50 in. A handy rug to have around the home.

36 Pc. Table Outfit

A Sample Spiegel Value! Another Splendid Offer

This 36 piece set surpasses in value any of our previous bargain home outfits. Every item in the outfit is useful—things that you need and use every day in the home. Nothing has been included just to make a showing. Every item is a necessity.

The outfit consists of the following:

A 7-piece, hemstitched, imported Irish linen set with colored border—the cloth measuring 54x70 in., nicely hemstitched and finished with a beautiful colored border, and six 15x15-in. hemstitched and colored bordered napkins to match. You can have this set in either blue, rose, or gold colored borders. When ordering, be sure and mention color of border desired.

You also get 29 pieces of silverware—6 French blade knives, 6 forks, 12 teaspoons, 3 table spoons, 1 butter knife and 1 sugar shell. This is genuine Rogers nickel silver, a product of the makers of 1847 Silverware. This is the kind of set that will wear indefinitely without showing tarnish.

Cover Your Walls With Wall-Tex

You hang Wall-Tex the same as you do wall paper. It is a perfect wall covering for any room. It can be washed time after time the same as a table oilcloth or linoleum floor. It not only makes the walls good looking, but it is sanitary as well. Wall-Tex will not tear, peel, chip or blister. It actually strengthens the walls and hides cracks. Once your walls are covered with Wall-Tex, your decorating expenses are solved for many years.

Wall-Tex comes in rolls, 48 inches wide and 12 yards long. (We do not sell Wall-Tex in less than full rolls, 12 yards long.) Patterns shown here are suitable for any room in the home.

No. MC3906. Dull finish imitation grain leather. Dark tan and brown combination. Suitable for use in dining room below plate rail or in halls, etc.

No. MC3908. Marbleized tile design in blue and white color combination. For kitchen or bathroom.

No. MC3910. Ecru floral and leaf design on gray background. For parlor or living room.

No. MC3912. Dull finish embossed cloth. Floral and leaf effects in rose, green, blue and other harmonizing colors on a white ground. A beautiful bedroom pattern.

No. MC3914. For parlor, living room or dining room. Ecru leaf effect with touches of blue and brown on a white background.

No. MC3916. Plain white glazed finish. For bathroom or kitchen. Easy to keep clean.

No. MC3918. Marbleized tile effect with blue, brown and ecru colors on a white background. For kitchen or bath room.

Easier to apply than wall paper because of the nice width of this material and the fact that you don't have to worry about tearing or breaking. You can handle it easily, trim it readily and match edges far more readily than wall paper. So easy to clean, too, if it becomes soiled.

Your choice of any of the above numbers. **\$4.95**

Austrian Puff Cloth Shades

How much more livable is a room fitted with these attractive Austrian Puff Cloth shades. They give just that added touch of "hominess" and good looks that everyone admires. Order enough for parlor or living room.

They are made of good material, in a very artistic stripe design, and every shade is finished with a nice silk fringe scalloped bottom. This cloth is made of double-ply cotton yarn and is furnished in cream color only. These are mounted on a very fine quality shade roller, which has dust-proof caps, and with each shade you get a full set of outside and a full set of inside fixtures, along with a tassel cord pull, shade nails, and all that is essential to put the shade up.

If you do not find the exact size of the shade you require listed below, just send us the size you want, and you will be charged at the price shown for the next larger size. In other words, we can furnish these shades in any size from 18 inches to 72 inches in width and from 5 feet to 8 feet in length.

Window Shades to Order

Every housewife knows how difficult it is to get stock size window shades to fit all windows. For windows such as these, we offer shades made to order at practically the same price you would pay for stock size window shades.

The real difference, however, is amazing. Made-to-order shades are of superior quality material, better and more substantially constructed and mounted on rollers that will give years of service. No guess work or patch work is necessary. You order the shades to fit the particular windows you have in mind.

The cloth we use is a splendid quality oil opaque. The shades are made by one of the best known manufacturers in the country. You can get a splendid range of sizes and widths and the prices are remarkably low.

We can make up your shades in any width or length according

Made to Order Window Shades

Good-looking window shades—made to order; to fit your windows exactly. Give yourself a treat by getting your shades made to fit without sagging, stretching or makeshift blocks to fill up space that shades will not properly fit.

Shades like this add an air of distinction to any room. They lend a dressiness and finish to your windows, and besides they give you everything that is demanded of a shade—to keep out too bright sunlight—to prevent fading of carpets and room furnishings.

They are made of a very choice quality oil opaque cloth mounted on guaranteed spring rollers. The ends are neatly scalloped and finished with a very artistic heavy bullion fringe. The prices, too, are exceptionally low. We have been able to make a contract with a well known manufacturer at a special low price—this saving is yours!

Scalloped and Fringed Edges

You can order this shade in any size from 36 to 82 inches in width and from 4 ft. to 10 ft. in length. In the event that the exact size of the shade you require is not listed in the table below, it will be made up in the size you specify, and charged to you on the basis of the next larger size.

For instance, if you should require a shade 75 in. in width and 9 ft. 6 in. long, the shade will be made up in that size, but you will be charged for a shade 82 in. in width and 10 ft. long—the next larger size.

Colors: Dark Green, Light Green, Yellow, Buff or White. (State color wanted.) Order by No. MC4710.

These Are INSIDE Fixtures

This picture shows what is meant by "Inside Fixtures". The shade is hung on fixtures which are inside of the window casing. When ordering inside fixtures, be sure and give the width to the nearest fraction of an inch.

Also, when you are measuring for shades to be hung on inside fixtures, do not measure at the bottom of the window, but measure the width of the top of your window, because frequently there is a difference of more than a fraction of an inch between the bottom and the top of a window.

Kroehler Comfort-On Credit

As A Bed

Kroehler 3-Pc. Short Davenport Bed Set

The complete set is made up of one of the famous, nationally advertised Kroehler Kodavs, or bed davenports, a big, comfortable arm rocker and an arm chair to match. The bed davenport, or Kodav, is especially desirable where the room space is small. It is a fine appearing and very comfortable davenport during the day and makes into a full size bed at night. The short davenport bed unfolds twice to make a full size bed. It makes a bed 6 ft. long and 48 in. wide when open, big enough for two grown persons.

Black Or Brown Imitation Or Genuine Leather

The frame is a Colonial style, with Colonial shape feet, hand rests and blocks at the back. Top rail is neatly arched. The set can be had in your choice of three finishes, solid oak finished a rich golden or a fumed nut brown, or a rich mahogany finish on a seasoned birch frame.

The Kodav has 24 coil springs in the seat. The arms and front posts are 3 1/4 in. wide. The seat is 18 in. high from the floor. Height over all, 34 in. Length of seat between arms, 52 1/2 in. Length over all, 60 in. Shipped from factory near Chicago.

Arm Chair or Rocker Upholstered seat over a full setting of 6 coil springs. Back also nicely padded. Seat measures 18x20 in. Width over all, 26 in. Height over all, 34 1/2 in. 3-in. arms and front posts. Chair legs have gliding casters, rocker has well balanced runners. Shipped from factory near Chicago.

Black Or Brown Imitation Or Genuine Leathers

Genuine Kroehler Davenport Bed Set with Short Davenport

No need to worry about an extra bedroom if you have a Kroehler set in your home. Unexpected company is a pleasure—no longer a worry—with a Kroehler davenport bed. Just like adding an extra bedroom—nicer, if you please, because in the daytime one would never know that a full size bed is concealed under such a magnificent piece of furniture.

Mahogany or Oak—Imit. Spanish Leather

The Frames are made of solid birchwood and finished in antique brown mahogany, or can also be had in solid oak, finished a rich golden gloss. Solid and substantial in construction.

The Upholstery is of heavy quality imitation Spanish leather. Well padded and tailored—soft and comfortable.

Davenport Bed is called the "Kodav" because it folds twice, and makes up into a full size bed with regular bedspring and room for mattress and bedding. Closed, it contains a spring seat with 18 cone-shaped coil springs supported on steel wire base. Filled with fine tow and belted cotton. Davenport is 57 inches long. The seat is 62 in. long between the arms and 20 in. deep. Height over all, 31 1/2 in. When open, it makes a bed 48 in. wide and 6 ft. long. (Mattress not furnished—must be bought separately.) Shipping weight, about 200 lbs.

Arm Chair and Rocker are exactly the same in size with full spring seats containing 6 heavy wire springs. Well made base and top tied with interlocking cross wires. Seats are 20 in. wide and 19 in. deep. Height overall, 33 1/2 in.; width overall, 25 in. Shipping weight, about 55 lbs. each. Shipped from factory near Chicago.

Genuine Kroehler Set With Short Davenport Bed

The set pictured here is one of the hand-somest of the nationally advertised Kroehler davenport bed sets. Notice the graceful Colonial front posts, arms and back. The same curved design is carried out on the davenport bed, chair and rocker.

The set can be had in your choice of three finishes—either a quarter sawed oak, finished a rich golden gloss; a dull fumed nut brown finish, both in quarter sawed oak, or a beautiful, rich mahogany finish, applied on selected birch hardwood. The hand grip top blocks are veneered with genuine mahogany.

Kodav or Short Davenport Unfolds twice to form a full size bed. It is very desirable for small rooms or where you do not have a long wall space. This davenport measures 60 1/2 in. over all. The length between the arms is 52 1/2 in. Height of seat from the floor is 18 in. Height of back from seat, 16 in. Height over all, 34 in. Depth of seat, 21 in. Depth over all, 32 1/2 in. The arms are 4 in. wide.

The seat has 24 heavy coil springs and a spring edge, double stuffed and stitched. Springs are covered with a heavy padding of fine moss, tow and felted cotton, and the upholstery material of either genuine or imitation leather. The back is neatly padded to match. Shipped from factory near Chicago. Shipping weight, about 225 lbs.

Chair or Rocker Both the chair and the rocker are made in exactly the same size and style, except that the legs of the chair are a little longer and it has steel gliding casters, while the rocker has balanced, steam-bent runners. The seats have a full setting of 6 coil springs and are 18 in. deep, 20 in. wide and 18 in. high from the floor. Height over all, 34 in. Width over all, 26 in. Height of back of seat, 16 in. Arms are 3 in. wide. Shipping weight, about 65 lbs. each.

Luxurious 3-Piece Set Imitation Brown Spanish Leather

The exposed framework of every piece of this set is select solid oak, the finest cabinet hardwood. It is finished in American walnut, in that warm dull brown effect that is now so much in style.

The Davenport has a solid oak frame securely mortised, doweled and glued in a substantial manner. The seat has a full setting of 18 coil springs supported on steel bands. Both the seat and back are thickly padded with tow and cotton and then covered with a heavy quality of imitation Spanish brown leather. The style is Colonial with Colonial shaped arms and front post.

The back is made with an upholstered head roll and side wings and the front rail is padded and upholstered, giving a very rich effect. The length of the davenport over all is 61 inches. The davenport is 52½ inches wide between the arms and is 22 inches deep. The height of the back from the floor is 35 inches. Height of the back from seat, 18½ inches.

Height from the seat to the floor, 17 inches. Feet have steel glides. Shipping weight, about 90 lbs.

The Arm Chair

is made in the same substantial manner as the davenport, with wide Colonial arms and front post. The seat and back are padded with tow and cotton and upholstered to match the davenport in brown Spanish imitation leather. The seat measures 19x19 inches and the back is 22 inches high from the seat; the height over all is 35 inches. Height of the back from the seat is 21 inches. Shipping weight, about 45 lbs.

The Arm Rocker

is made exactly the same as the chair in every respect except that it is finished with wide, steam-bent runners set at just the right angle for comfort.

Solid Oak Used The best selected Indiana oak, air and kiln dried, is used in the construction of this set. Extra heavy stock is used in every piece. The joints are securely mortised and tenoned and glued and bolted to insure extra strength. Every piece is carefully sanded, made nice and smooth, and stained a rich, warm, nut brown color. It is given a coat of shellac and wax, giving a rich, dull luster.

The seats and backs of the chairs and rockers are well padded, and upholstered with good quality imitation brown Spanish leather. Will give excellent service.

The Library Table A roomy, convenient table, with a top measuring 34 in. long and 23 in. wide, and stands 30 in. high from the floor. The legs are cut from extra heavy stock. 1½ in. in thickness, and are well braced. Wide magazine shelf appears across the bottom, and is 6½ in. wide.

The Arm Rocker Made large and roomy, with seat 19x19 in., set off with a heavy box rim. The broad, well shaped arms are 3 in. wide. The top rail is neatly arched. Back is 22 in. high from the seat. Height over all is 36 in.

The Arm Chair matches the rocker in every respect, both in size and appearance.

The Sewing Rocker You will find many uses for this convenient sewing rocker because it has no arms and the seat is low, so that it can be used as a bedroom rocker as well as a sewing rocker. It has continuous back posts and a neatly arched top. Steam-bent runners, well

balanced. Seat, 16x16 in. Back is 21 in. high from the seat. Height over all, 32½ in.

The Side Chair A companion piece for the sewing rocker and exactly the same size and dimensions, except that the legs are a little bit longer and it does not have the runners.

The Tabourette A convenient piece for showing off plants, or can be used for many other purposes. It is substantially put together and stands 17 in. high. The top is 19 in. square. It is braced with cross stretchers.

The complete set is carefully packed in one crate and shipped from factory in Ohio. Shipped taken apart, very easy to set up. Ship. wt., about 135 lbs.

Latest Simmons Wood Finishes

Bed is made of Simmons new Graceline steel tubing in molded effect, looking exactly as if it were carved from a piece of solid walnut. The main post and top rod are continuous and measure 1 1/4 in. thick. Fitted with casters and steel feet at the bottom. The ends are effectively filled with 6 upright molded tubes and 3 panels in each.

The Center Panel is 8 in. wide and is of solid steel, beautifully finished and decorated with a contrasting line and a rich floral motif in the center that looks exactly like the most expensive marquetry work. At either side is a steel cane panel, 6 in. wide. The bottom cross rod is "D" shaped, and measures 3/4 x 1 1/2 in. Bed is furnished in full width only, 4 ft. 6 in. wide. Head, 50 in. high. Foot, 34 in.

Forest Wood Finish We are the first house to offer Simmons new forest wood finish, which is a new process of finishing developed by the Simmons Co. in their experimental laboratories of Kenosha, Wis. By this process the Simmons Company can

reproduce the exact grain of the genuine walnut. The beds are varnished, and rubbed down to a rich, dull luster and then are baked, making the finish practically indestructible. The surfaces can be cleaned by wiping with a damp cloth.

The Spring fits the bed exactly and in keeping with it in quality. It has heavy pipe sides and angle iron ends, and a high corner riser, bringing the fabric 4 in. above the side rails. The fabric is the double link twisted wire and is fastened to the frame at each end with a row of small coil springs, and the sides are finished with a steel strap border.

50-Lb. Felted Cotton Mat-

tress We recommend the fine 50-lb. genuine felted cotton mattress, as pictured. The ticking is a handsome floral pattern, closely tufted and finished on sides with Imperial roll edges.

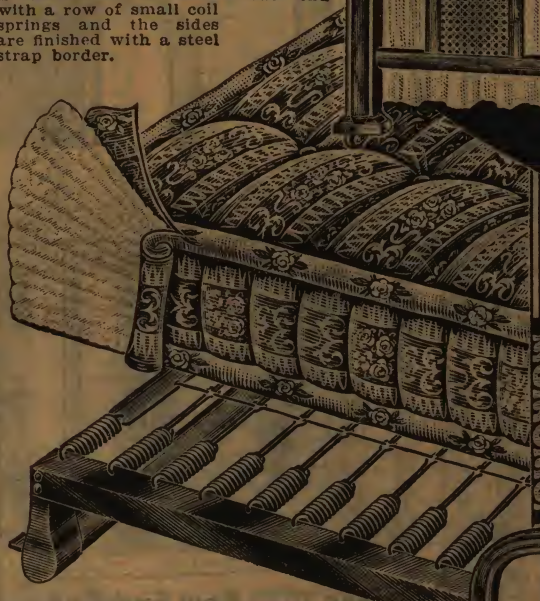

Cotton Top Mattress If you want a less expensive mattress, we can furnish one filled with fine excelsior and a thick layer of felted cotton at the top, covered with floral ticking, tufted and finished with roll edge. Weight, 45 lbs.

On Any Chifforobe

Many of our customers furnish their bedrooms completely and economically, by buying one of our chifforobes and using it with one of our bed outfits, consisting of bed, spring and mattress. This gives you all that you need in the way of bedroom furniture, giving you all useful pieces.

A chifforobe gives you the same advantages as a chiffonier, dresser and wardrobe. It is very useful in rooms that do not have closet space. Our chifforobes are well made and beautifully finished; from our large showing you can select one that is exactly suitable to your needs.

Turn Spare Pennies Into These Comforts

There is no denying that in every home, no matter how small the earnings may be, there are still little odds and ends of money—stray pennies—the "chicken feed" as we call it, that is really wasted.

These odds and ends, the little nickels and dimes, saved day by day, easily pay for a magnificent chifforobe like this. Just a few cents a day is all that the monthly payments amount to on these splendid chifforobes.

Walnut Finish Queen Anne Chifforobe

The chifforobe is 65 in. high, 20 in. deep and 44 in. wide. The front legs are Queen Anne style, with lower rail and top back rail to harmonize.

At the left is the full length wardrobe space, 50 in. high inside, 19 in. wide and 17 1/2 in. deep. It is provided with three hangers on a sliding rod. There is also a steel trouser hanger. American walnut finish.

Made with a mirror door as pictured, 44 in. long and 14 in. wide, or with a wood panel instead of the mirror. Securely hung and fitted with lock and key.

Hat Box with door has a clear plate glass mirror, measuring 10x15 in.

Roomy Chest of Drawers Below the hat box compartment, are five roomy drawers. These drawers are built with dovetailed joints, so that they will not warp or become crooked. They slide in and out easily, fit snugly and are practically dustproof.

Made In Dixie

Genuine Simmons Mattress

The Simmons Company make this mattress in their wonderful mattress factory at Atlanta, Georgia, where the best cotton grows. Being right on the ground, they have their pick of the choicest cotton. The workmen are experienced mattress makers who take this choice, selected cotton and build up a mattress that will surprise you with its soft, comfortable, sleep producing qualities. If you have never had a Simmons mattress, you owe it to yourself to get one. You will never know what genuine comfort is until you sleep upon one of these Simmons mattresses. The fact that they are made by the Simmons Company is ample guarantee that you are going to be more than satisfied, and in addition to that you have our double guarantee of absolute satisfaction.

Hand Made

This is the same high grade mattress you see advertised so often in the leading magazines and newspapers. It is a product of the Simmons factories—the same people who make the famous Simmons beds and springs.

Built of thick layers of fluffy cotton felt, placed layer on layer until it is several times the thickness of the finished mattress. Close tufting prevents any possibility of the filling ever shifting. The sides and edges of this mattress are especially well finished. The edges all around, at both top and bottom, are finished with the Imperial roll and the sides are stitched with four rows of stitching all around. This gives you a high grade box side mattress that can never get out of shape—a mattress that will keep its original quality and appearance even after years of use.

45 Lb. Cotton Felt Mattress

In this mattress we use a selected cotton which is felted in layers making a cotton bat filling that is soft and fluffy. When the required number of layers are put one on top of the other, they are compressed. It is fitted with side handles, making it easy to turn. (By giving this mattress an occasional sun bath, and turning it over once in a while, it will lengthen its life.)

The Ticking The ticking used on this mattress is a beautiful floral art pattern, selected for its good wearing qualities. It is strong and well woven. The mattress is nicely finished, closely tufted to prevent shifting of the filling material, and has box sides and ends and a roll edge all around at the top and bottom. When finished, the mattress is about 5½ in. thick and weighs fully 45 lbs., about 5 lbs. more than the ordinary felted cotton mattresses. The shipping weight is about 50 lbs.

We can furnish this mattress in three different sizes, 4 ft. 6 in. wide to fit full size bed, 4 ft. wide to fit three-quarter size bed, or 3 ft. 3 in. to fit twin size beds. All of these sizes are made to fit the full length bed. The mattress comes wrapped in paper and burlap so as to reach you in clean and perfect condition. Shipped from Chicago.

Spiegel's Special

Our highest grade felted cotton mattress.

When we told our factory about our plans to offer our customers a big value in a high-grade, felted cotton mattress to be labeled "Spiegel's Special," they were enthusiastic about the idea and the mattress that they have made for us is, we believe, beyond question the last word in quality in a felted cotton mattress.

Look At The Low Prices!

High-grade in filling, high-grade in covering, high-grade in workmanship. It is a hand-made mattress. A Quality mattress on which we are proud to have our label.

Fleecy White Cotton

selected for its cleanliness, color and extra long staple. Felted by machinery that straightens the fibers, removes all dirt and foreign matter and lays the cotton in layers which are laid upon one another until a cotton bat of the proper weight for the mattress, but several times thicker than the finished mattress, is formed. This is compressed and placed in a ticking and tufted in 59 places by passing a double cord

**Felted—
Kapok and Cotton!**

The ideal mattress for real restful sleep has always been a Kapok mattress. For service and long life, most housewives prefer a felted cotton mattress. It remained for one of our factories to combine the two ideals into a brand new kind of mattress that gives you all the comfort of Kapok, plus the wearing qualities and long life of felted cotton.

Send for this mattress and see for yourself what real sleep can do for you—what rest and refreshing sleep will do to build up your reserve strength.

**No
More Lumps**

The Perfection Keva mattress combines Kapok (known as silk floss) and cotton felted into layers. It is guaranteed by the manufacturers for 10 years not to get lumpy. It gives you the lasting long life of the high priced, all staple cotton felted mattress combined with the downy softness of silk floss. It is more comfortable than a cotton felted mattress weighing 55 lbs., and more buoyant. It is light and easy to handle, as it weighs only 45 lbs.

The ticking is an extra heavy finely finished drill, floral pattern. Finished with a new, good looking tape edge and double row of hand stitching on the sides that holds the filling material firmly in place and makes a permanent shapely mattress. Closely tufted. Carefully packed and shipped from stock at Chicago. Shipping weight of the full size mattress is about 50 lbs.

Real Big Thick Mattress Built In 5 Layers

Just look at the exceptionally low price we are asking for this high grade, sanitary mattress. It is made of five layers, with felted cotton on the top and bottom, fine wood wool excelsior underneath; center of medium excelsior.

The illustration shows one end opened up, and gives you an idea of how the five layers look in this mattress. The top and bottom layers are felted cotton, with felted cotton on the sides and ends also. Then comes the three layers of fine and medium excelsior.

We have used much thicker layers of felted cotton on the top, bottom, ends and sides of this mattress than are usually used in a combination mattress. Also the excelsior used is finer and cleaner.

Imperial Roll Edge The mattress is made just like a high priced mattress, with box sides and ends, and finished all around, at both top and bottom, with the Imperial roll edge. It also has handles at the sides, making it very easy to turn.

Good Quality Ticking The ticking used on this mattress is a beautiful floral art pattern. The material is very well woven and will give excellent service.

Big and Thick This is a great big, thick, husky mattress and about 6 in. high. The full size mattress actually weighs about 45 lbs., which is practically 5 lbs. more than the ordinary mattress. All mattresses are full length, 6 ft. 4 in. long. Shipped from Chicago. Choice of 3 sizes.

Reversible Cotton Top And Bottom

You are bound to get wonderful comfort and service out of this well made mattress. On the top and bottom are thick layers of felted cotton, and in the center is a filling of basswood, ribbon band excelsior, which curls up and gives almost like a hair mattress.

This ribbon band excelsior is the very best possible material of its kind for this purpose. It is clean and sanitary and easy to sleep on. It never shifts.

Good Quality Ticking The ticking used on this mattress is an excellent grade in a neatly striped pattern. It is diamond tufted to prevent the filling material from shifting, and is well finished all around with the Imperial roll edge. All widths come in full length, 6 ft. 4 in. long.

It is carefully packed and wrapped with heavy paper and burlap so as to reach you in perfect condition. Shipped from Chicago.

Bargain Cotton Top Mattress

Made just as carefully as our higher priced mattresses, but the material used enables us to sell it at a much lower price. It will give very good service, and where a low priced mattress is desired, this is the mattress to buy.

Felted Cotton Top First of all, there is a filling of good quality excelsior, guaranteed clean and sanitary. Over this we put a thick layer of cotton to make the mattress feel nice and soft when you lie on it. It is then covered with a good quality, fancy striped ticking that will give excellent service. It is tufted just as carefully as our higher priced mattresses, so that the filling will not shift or sag.

Imperial Roll Edge This mattress has box sides and ends and is finished all around at both top and bottom with the Imperial Roll Edge to keep it in shape. Shop around and compare prices and quality offered elsewhere.

Boys! Look! Like a Real Farm Wagon

Made just like a real farm wagon, with seats, ends and sides that can easily be removed. Each part is made of selected hardwood, so that it will stand up under the hard knocks and abuse that a child is sure to give a wagon of this kind.

Nicely Painted The frame, seat and dashboard are painted green, with black trimming and yellow scroll work. The ends, sides and seat can easily be removed, leaving the part of the body with the stakes on the side, which are securely attached with metal braces. This gives the youngster two different types of wagon—and you can be sure he is going to be more than pleased with it.

Measurements The wagon is 36 in. long, 18

in. wide and 27 in. high. The rear wheels are 19 in. in diameter and the front wheels 14 in. in diameter. They have strong steel hubs, heavy welded tires and shaved spokes, just like a real farm wagon. The seat is 8 1/2 in. wide and can be removed or placed anywhere desired on the wagon.

New Queen Anne Design

Extra Large Table and Buffet Shipped from Factory in Indiana—Chairs from Chicago.

Serving Table

Oblong Type Dining Table

45x60-In. Top

60-In. Buffet With Mirror

Made of Genuine Walnut—French Huguenot Finish

Extra large pieces are used to make up this set—large 60-inch table and 60-inch buffet. It is a set that you will be proud to own.

Made in true Queen Anne style with spoon-shaped Queen Anne feet. Made of genuine walnut. Tops and fronts are 3-ply genuine walnut veneer. The end panels are 3-ply walnut veneer. Drawers are dovetailed and fitted with dust-proof bottoms in the buffet and server. The buffet drawer is fitted with a compartment for silverware and the interior is finished.

The finish is French Huguenot walnut, a finish just slightly lighter in color than the well-known brown American walnut and is very popular because it brings out the beautiful grain of the walnut wood to the best advantage.

Extension table has a top measuring 45x60 in. Has slide and extra leaves. Can be extended to full 6 ft., or can be

furnished with 8-ft. extension for \$5.00 extra.

The buffet top measures 60 in. long, 21 in. deep and has a plate mirror measuring 6x54 in. There is one long drawer for linens, 2 smaller drawers and 2 cupboard spaces.

The china cabinet measures 61 in. high, 38 in. wide and 16 in. deep and has panel ends and front and glass door with ornamental grill. Adjustable shelves.

The serving table is 38 in. high. Top is 18x36 in. Has double doors.

The dining chair seats are upholstered with genuine blue Spanish leather. Measures 17x15 1/2 in. Five-inch center banister of genuine walnut. Height over all, 38 in.; back, 22 in. high from seat.

The arm chair matches the dining chair and is fitted with solid arms; construction is the same as dining chair, except that the seat is about 2 in. wider.

Artistic Genuine Walnut Dining Set

All pieces are made of genuine American walnut in combination with native hardwood. Genuine walnut matched veneers are used on the fronts, tops and ends with decorative overlays of walnut veneer on the fronts. Has 5-ply built-up tops, 3-ply fronts, ends, backs and drawer bottoms. This ply wood construction will never check, warp or split.

The cases are built out flush with the ends, giving full capacity. Solidly constructed with angle braced corners, boxed-in drawer construction with dovetailed joints, molded stretchers, tops and posts. The post is attractively turned. There is a decorative grill in the china cabinet. The upper drawer of the buffet is lined for silverware. All pieces equipped with metal hardware and casters. Chairs have steel slides.

The Finish is the new blended or shaded walnut in the popular dull effect. The shading is produced by putting on a dark stain and rubbing off in places, giving an artistic effect.

The Buffet top measures 20x50 inches, 42 inches high. 2 cupboard compartments and 2 drawers. Shipping weight, 190 lbs.

Serving Table top measures 19x34 inches; height, 38 inches. Double doors. Shipping weight, 75 lbs.

Square Pedestal Solid Oak Table

A real bargain in a good looking dining table, made possible by a fortunate purchase. It is made throughout of solid oak, except the slides, which are made of hardwood, more suitable for the purpose. Pedestal is of heavy oak, hollow in the center, with mortised and tenoned joints so that it is really stronger than a solid block. It is 7 inches square, fitted with band-sawn and shaped legs that have easy-rolling casters.

The 40-inch top is of select oak, finished with a neat box rim. It can be had in either golden gloss or dull nut brown fumed finish. Shipped from Tenn. factory. Shipping weight, 125 lbs.

5 Leg Extension Table

This is the old fashioned five-leg extension table brought strictly up to date so that it bears very little resemblance to the old style, plainly designed extension table that we were so familiar with.

The five massive column-like legs are fully 3 1/4 inches in diameter, finished with a neatly molded cap at the bottom. Each leg has a swivel style, easy-rolling caster. The top is 42 inches square when closed and can be extended.

Looks Like Quartered Oak

Exceptionally well made, beautifully finished 6-foot extension table at less than you would ordinarily expect to pay for a poorly constructed table. The material used is northern hardwood. The Pedestal is beautifully turned and is 8 inches in diameter. The 4 feet are gracefully cut in Colonial style and securely bolted and doweled to the pedestal and are fitted with casters. These feet are cut from thick, heavy stock and the base has a wide strip, so that the table sets steady on the floor. The top is 42 inches in diameter and has a bent rim all around and is fitted underneath with slides that extend to 6 feet and has extra leaves that exactly fit the table, which are furnished without extra charge.

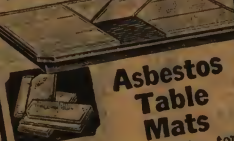

The Finish is made to look almost exactly like the genuine quarter sawed oak, beautifully grained and finished with a high gloss. The table is securely crated for shipping and is shipped direct from factory in Wisconsin. Shipping weight, about 125 lbs.

Massive Colonial Oak Buffet

The first thing to remember is that this buffet is a great, big, massive design, solidly built of Indiana oak, with genuine quarter sawed oak on the top and front. The sweeping lines of the handsome Colonial style are carried out to wonderful advantage. It has sturdy Colonial pilasters and mirror standards to match. There is a broad Colonial decoration between the two middle doors, matching the fronts.

Built Solidly Throughout

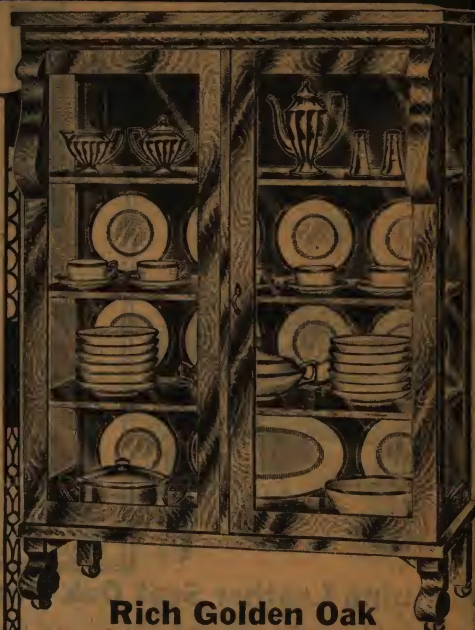

All joints are securely mortised, tenoned and glued. There are angle braces in the corners, making the frame work perfectly rigid throughout. The drawer fronts, top and end panels are of heavy built up stock—the kind that can never warp, check or shrink. The drawers are of dovetailed construction, carefully fitted, and run on slides.

The Dimensions The top measures 42 in. long by 20 in. deep. It has a heavy plank edge. There are two small drawers just under the flat top. One of these is lined for silverware. Below these drawers is a large cupboard compartment with swinging doors. In the bottom is a full length, full depth drawer for table linens, etc. All of the drawers and doors are fitted with Colonial wood knobs.

Mirror Back The mirror is French plate, with beveled edge and measures 36 in. long by 8 in. high. At each side is a heavy Colonial plaster and above is a plank shelf, suitable for bric-a-brac. At the back is a guard to prevent articles from falling off behind the buffet.

Golden Finish This handsome buffet is furnished in a rich golden finish, bringing out all the beautiful grain of the wood. Shipped from factory in Indiana. Ship. wt., 170 lbs.

Brand New
A Real Home Need!
Smashes All Prices and YEAR TO PAY!

The artistic and wonderfully attractive butterfly design—carried out in strikingly beautiful colors on the dinnerware and table linens is a brand new design—that will soon take the country by storm. It will soon become as famous as the wonderful bluebird pattern you remember so well. This butterfly design is even cut on the glassware to match.

Brand New Butterfly Design—On Dinnerware, Glassware, Table Linens

Spiegel's have originated this new, attractive butterfly design—ours is the first house to show it—and offer it to you at a ridiculously low price. Soon it will be copied elsewhere. Be the first to get it. Even if there were nothing else in the outfit besides the dinnerware, it would be a bargain. An artistic, well-made, dependable, good looking set like this is pretty enough to be used for special occasions, yet at our remarkably low price you can afford to use it everyday. The tablecloth and napkins that match the set so perfectly, are suitable for everyday use, yet pretty enough to use for special occasions. The same holds true of the water set, the silverware, the salt and pepper shakers as well as the window curtains.

All Useful Pieces The 76 pieces of which this set is composed is made up of a 31-piece dinnerware set, a 26-piece set of guaranteed silverware, a 9-piece glassware set, a 7-piece set of aluminum percolator—76 useful pieces in all.

31-Piece Dinnerware Set The dinnerware is of good quality. The design is made exclusively for us. It consists of a butterfly in beautiful, life-like coloring, with a floral spray that harmonizes perfectly. This decoration appears on every piece. The set consists of 6 cups, 6 saucers, 6 fruit or cereal dishes, 6 breakfast plates, one platter, one butter dish, one bread plate, one fruit bowl, one sugar bowl (2 pieces) and one creamer.

26-Piece Silver Set The large illustration of the spoon shows the attractive design of the silverware. The set consists of 26 pieces of guaranteed silverware, silver plate on a white metal base, and includes 6 teaspoons, 6 tablespoons, 6 knives, 6 forks, one sugar shell and one butter knife.

9-Piece Glassware Set The cut decoration on the glassware is made to harmonize with the decoration on the dinnerware. It consists of a butterfly and a floral spray design, neatly executed. The set includes a 1½-quart water pitcher, 6 tall glasses, a salt shaker and a pepper shaker, both with heavily nickel plated cap.

7-Piece Table Set Decorated with a beautiful butterfly and spray design, identical with that used on the dinnerware. Woven of selected cotton yarns, with the decoration applied in tub-fast colors. The set consists of a tablecloth measuring 54x54 ins. and six napkins, each measuring 14x14 ins.

Pair of Curtains Included with the outfit is a pair of the popular ruffled edge curtains (2 pieces), complete with ruffled tie-backs. These curtains are of good quality, closely woven selected cotton yarns that will launder repeatedly.

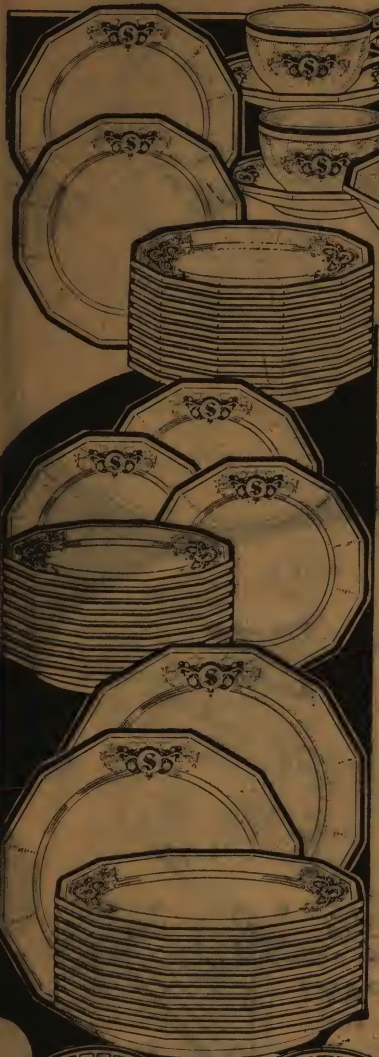

Aluminum Percolator The percolator included with the outfit is of high grade aluminum with Colonial panel sides, sanitary spout, ever-cool handle, glass percolator top and latest percolating device. It has a capacity of 1½ quarts. Our easy credit plan makes it a simple matter to get this bargain set. Shipped from Chicago. Shipping weight about 60 lbs.

Beautiful Floral Pattern With Gold Edges

A brand new design in an attractive floral pattern—exclusively our own. Bright and cheerful in appearance, fit to grace the finest dinner table, yet low enough in price so that you can use it every day, if you desire.

The decoration consists of exquisite zinnias, draped with pink and golden phlox with touches of natural green leaflets. A narrow gold band on the edges adds a finishing touch of refinement.

Semi-Colonial Shape Always popular and strikingly attractive but more so in this pattern than ever before. Good, dependable, well made American dinnerware composed of domestic and imported clays that are noted for their strength and wear resisting qualities. Fired under intense heat so that they are almost translucent like the real imported ware. The decoration is carefully put on, then glazed, and again fired under intense heat so that the decoration becomes almost a part of the ware itself. Your choice of either the 100 or 50 piece set.

100-Piece Set consists of the following: 12 9-in. dinner plates, 12 7-in. bread and butter plates, 12 5-in. dessert dishes, 12 coupe soups, 12 oatmeal dishes, 12 cups, 12 saucers, 12 cov. dishes (4 pcs.), 1 sugar bowl and cover (2 pcs.), 1 creamer, 1 9-in. round vegetable dish, 1 8-in. plaque, 1 sauce boat, 1 sauce boat stand, 1 deep vegetable dish, 1 11½-in. meat platter, 1 13½-in. meat platter, 1 relish dish, 1 pickle dish. You will surely be pleased with the distinctive design of the various pieces in this handsome set. See how gracefully the covered dish, the sugar bowl, the cream pitcher, the handles of the platter and the various other pieces are designed in harmony. It is a shape that is very new and most pleasing. Some of the pieces are handled and decorated in a stippled gold, which together with the beautiful French medallions of red and blue roses, artistically scrolled on an ivory background, gives the set a rich and dainty appearance.

First Quality Dinnerware

One of the biggest potteries in Ohio is producing this attractive dinnerware for us. Choice American and imported clays are used in its construction, fired under an intense heat to insure extra wearing qualities. The decoration is carefully applied, then glazed and again fired under intense heat, so that the design becomes almost a part of the ware itself. Gold edges add to the attractiveness of the set.

Snowflake Side Icing Refrigerator

Choice Of 3 Or 4 Door Models

Most families make a big mistake by buying a refrigerator that is too small. A larger size one that holds plenty of ice—is real economy! A bigger piece of ice not only lasts longer, but keeps the inside temperature much cooler than a small piece of ice does. A cooler inside temperature not only preserves foodstuffs, but insures the family health!

Outer Case is made of weather seasoned selected Northern ash, thoroughly kiln-dried and is varnished in a rich golden oak color. Made with heavy shaped panels in one piece and are grooved in on rails. Entire case is tongued and grooved, producing a practical air-tight construction that cannot weave, twist or come apart.

Inner Case is of kiln-dried odorless wood, lined with metal and fastened together with hardwood cleats which support the case, making a refrigerator for strength, durability and beauty that cannot be equaled. The space between the outer and inner case is filled with mineral wool and is so constructed that it cannot warp or come apart. This manner of insulation is the very best known and is recommended by the United States Bureau of Standards. This refrigerator is high grade in every particular, the construction and finish being of the very best quality.

2 Models The refrigerator is furnished in either the 3-door model, as shown in the large illustration, or the 4-door model in the larger sizes, as shown in the small illustration.

Clean and Sanitary It is easy to keep clean and sanitary, as the shelves, ice rack, and drain pipe are all removable for cleansing.

The interior of the food compartments are made of white enamel baked on and is easy to clean. Has a syphon drain trap which prevents the outside air and odors from entering the interior of the refrigerator. Fitted with high-grade bronze nickel-plated hardware and casters. Shelves are heavily tinned. Shipped from factory in Wisconsin.

Most Popular of All Style Refrigerators Everything Right Before You!

Most families make a big mistake by buying a refrigerator that is too small. A larger size one that holds plenty of ice—is real economy! A bigger piece of ice not only lasts longer, but keeps the inside temperature much cooler than a small piece of ice does. A cooler inside temperature not only preserves food stuffs, but insures the family health!

This is the most popular of all styles of refrigerators. It combines absolute ice economy with the greatest possible food capacity, and the greatest convenience, because everything is right in front of you and easy to get at. You have your choice of four sizes and three beautiful finishes. Furnished in golden oak, white enamel or gray enamel, matching the finishes on kitchen cabinets.

The Case is made of selected Northern ash wood put together in a strong, substantial manner and thoroughly insulated with charcoal sheathing and air spaces. The inside body is of odorless wood with a metal lining which covers the entire inside parts of the refrigerator. This insulating is scientific and prevents sweating and at the same time retains a uniform cold temperature and saves ice.

White Enamel Interior Inside of the food chambers are covered with pure mineral white enamel baked on, presenting a smooth, glassy surface that is easy to keep clean and sanitary. Fitted with an interlocking sealed waste water trap, that absolutely prevents air odors entering from the outside.

Easy to Keep Clean and Sanitary

Sanitary Features are the removable flues, removable drain pipes and removable galvanized steel ice rack which can be easily taken out for cleansing, thus keeping the refrigerator sweet and bright as when new. The front apron is hinged, making it easy to get under the refrigerator. The hinges and door catches are made of heavy cast bronze, nickel plated. Shelves are heavily tinned to prevent rusting.

Refrigerator is so constructed that there is a constant circulation of cold air. Fitted with casters. Shipped from factory in Wisconsin.

We guarantee the ice capacity of our refrigerators. It is easy to make claims in relation to ice capacity. White or Gray Enamel—also Golden

Labor Saving Kitchen Cabinets-On Easy Credit

48-Inch Cabinet With Extension Top Drawers

A big feature of this cabinet is the extra large size also the extension top. You pull out the work table and the top drawers together so they are always handy. The joints are mortised and tenoned. The panels of the doors and sides are of the built-up kind that cannot warp or split.

Three Finishes The golden oak is made of selected Indiana oak finished with several coats of high grade moisture-proof varnish. The interior of the top section is finished in a beautiful white sanitary enamel. In the all white and gray enamel finish, the cabinet is made of selected cabinet hardwood. The finish on both the interior and the outside is made by applying a coat of flat white and then several coats of finest moisture-proof enamel.

Closed Compartment In the upper center is a dinnerware compartment with a center shelf. This closes with two wood panel doors. Below the compartment is the space occupied by the four spice jars, the tea and coffee canister and the swinging sugar jar which holds 10 pounds. These articles are furnished free with each cabinet. A roll curtain conceals this space. On the right-hand side is a three-shelf compartment for small kitchen articles. Underneath is a tilting bin which holds 20 lbs. of meal. This compartment closes with a full length door fitted with a money till at the top and an alphabetical recipe file, etc.

Extension Work Top This cabinet has the improved extension feature so that when you pull out the work top, not only the porcelain top but the entire top drawer section can be pulled out along with it. The table top is made of genuine porcelain. The edges are slightly raised to prevent liquids from running off or into the cabinet. It stands 34 inches high from the floor, and when closed, it measures 48x27 inches. It can be pulled out to form a working space 48 inches wide and 36 inches deep.

Base Section Under the sliding work top is a large drawer divided for cutlery. On the right-hand side are two drawers for table linens. Under this is a large metal lined drawer with a sliding top for keeping bread, cake and pastries. The large utensil cupboard is divided by a wire shelf. This shelf and the bottom slide in and out. Doors equipped with wire racks. A bread board in the center.

Kitchen Cabinet With Every Modern Convenience

Everything that you have ever wanted in a kitchen cabinet—every little convenience for labor-saving and cooking ease—you will find here. This cabinet is equipped with every up-to-date feature.

Base Section has one large metal drawer with sliding metal top. This drawer is suitable for keeping cakes and bread from drying up, and two smaller drawers above for kitchen utensils and one wide shallow drawer at the left for cutlery. Below is a large compartment with sliding wire shelf and a handy bread board. This cupboard compartment opens up with a double door with a wire rack on the inside.

Work Table Top is made of Crysteel white porcelain and bears the approval label of GOOD HOUSEKEEPING INSTITUTE. The edges are slightly raised so that any liquid that is spilled will not run off. Porcelain top can be washed like a dish. This top can be slid in or out. When closed, cabinet is 42 in. wide and 26 in. deep. When the top is pulled out, you have a working space 34 in. deep. At the right is a solid wood bar for meat grinder.

Top Section is equipped with an extra large flour bin that holds 50 lbs. Bin is put on steel arms and can be let down so that the top is level with the table top, making it easy to fill. Has glass panel in the front, handle, and after, with plenty of room below to put in a good-

At The Right is a cupboard compartment with double doors and shelf for dishes or packages of food. On the inside of the doors you will find a metal money tray with compartments and a wire rack for bottles of extract. Below is a compartment that closes with a wood curtain that slides up or down. Inside of this rack is an eight-pound glass sugar jar that sets on a wire rack, and at the back are four glass spice jars. The four spice jars, the sugar bowl, and the tea and coffee jars are furnished.

Solidly constructed of solid oak or select hardwood. The doors are made of five-ply built-up stock that can never check or warp and are much superior to the ordinary panel doors. They are made with lip edges so that they fit smoothly. Back of the cabinet is made of three-ply stock, also the partitions in the base. Drawer fronts are neatly rounded, adding to the appearance of the cabinet. Fitted with nickel-plated metal hardware and casters.

Golden Oak or White Enamel

Has all the labor-saving features of the higher priced cabinets.

Golden Oak Cabinet is made of solid oak, given three coats of shellac and then a finish that is absolutely water-proof and steam-proof. The finish is a natural golden oak color.

White Enamel Cabinet is made of the finest kind of hardwood and then of several coats of especially prepared snow white enamel that is absolutely moistureproof and can be washed like a dish.

The Upper Section On the left hand side is a 40 lb. tilting flour bin with sliding top. Alongside is a roomy compartment, divided in the middle by a shelf. Below this is a full length section that closes with sliding doors just like a roll top desk. It contains a seven-piece Colonial glass set, consisting of a tea jar, coffee jar, spice jars and 10-lb. capacity sugar jar. There is a wire rack in the center to hold the small spice jars and hooks below to hold a rolling pin. The entire upper compartment is finished inside in pure snow white enamel.

Porcelain Work Table This table is 42 in. wide and 26 in. deep when closed and can be pulled out to give you a working space 34 in. deep by 42 in. wide. Porcelain washes like a dish. Edges are slightly raised so that any liquid spilled on the top will not run off.

The Base Section On the right-hand side of the base section are two shallow drawers and a metal lined drawer with sliding top, for bread, cake and pastries. On the left-hand side is a large compartment with wire rack for keeping pots and pans. Well fitting door, fitted with a wire rack. The cabinet is 70 in. high over all. The work table is 33 in. high and the width over all is 42 in. Shipped from factory in Indiana. Wt., 240 lbs.

Description of Sewing Heads

All of our sewing machines are equipped with one or the other of the sewing heads shown on this page. Some of the lower priced machines are fitted with a vibrating shuttle type head and on others you have your choice of either the rotary sewing head or the vibrating shuttle type head, at the prices quoted. The rotary sewing head is the easier to operate, runs with greater speed and gives more general satisfaction.

Vibrating Shuttle Head This type of sewing head is used on all

Rotary Sewing Head sews with rotary motion of the stitch-forming mechanism which eliminates vibration and noise. The result is more speed and a greater amount of work turned out. The smooth around-and-around frictionless movement permits it to be geared much higher than other types of sewing machines, so that with little effort the operator will sew nearly twice as fast as with other machines. Double lock stitch, automatic tension, automatic release, full size arm, self-setting needle, positive take-up.

other makes of sewing machines. The shuttle is thrown back and forth with the shuttle arm. It is so constructed that it is light running and quiet. Strong and sturdy.

It makes a double lock stitch finished alike on both sides of the material. Positive take-up and disk tension with automatic release, self-setting needle, self-threading shuttle, automatic bobbin winder and improved stitch regulator. Exposed metal parts are nickel plated, balance decorated black enamel.

Solid Oak Porch Set

As a rule the thought of a porch set brings to mind poorly constructed, cheap appearing furniture. It is hard to realize that you can really get a high grade set of porch furniture at a price within the reach of the ordinary pocket-book. But here is a set of solid oak, so strongly built and so cleverly designed that the chair and rocker of the set are pretty enough to be used in any bedroom or living room. The swing, although matching the other pieces in beauty and design and workmanship, is suitable only for the porch.

Nut Brown Fumed Finish

All of the pieces are finished this way, and are water-proof, too. Exposure to weather won't hurt them.

The Swing will accommodate three grown persons. Neatly finished and well put together. Curved slat seat—rain will not stand in it. Length, 46½ in. Back, 20 in. high; seat is 17½ in. deep. Complete with galvanized chains for hanging.

The Settee is the same as the swing except that it has legs instead of chains.

Arm Chair and Rocker Both are the same size and built to exactly match the swing and settee. The rocker has well balanced runners. Height over all, 37 in. The back is 20 in. high from the seat. The roomy seat measures 20½x20 in. Water-proof fumed finish. Shipped from factory in Indiana. Ship. wt., of set, about 125 lbs.

Comfortable Couch Hammock

This handsome couch hammock is as comfortable as the finest davenport. Not only is the seat upholstered over a soft spring construction, but the back is upholstered as well, in the same manner. The back is also adjustable, so that you can set it at any angle, or it can be laid out flat and used as a double bed.

With or Without Canopy and Stand

The Hammock is made with a strong frame of heavy angle iron, with the edge of the frame dropped so that the spring is well above the frame, making a soft, comfortable edge. The spring is made of diamond link wire fabric supported at the ends with coil springs. Chains fastened to the frame and extending above, allowing plenty of length to hang to the stand.

Not only is the seat made soft and springy but the back is made in the same comfortable manner, thickly upholstered with cotton. There is a thick mattress pad over the back and seat, with valance front trimmed with fringe. The covering used for the mattress is heavy green and tan painted striped material, or orange and black.

The Mattress and back are nicely tufted with buttons. In each end is a pocket, suitable for magazines and news-

The Stand is made of heavy angle iron and measures 74 in. high, securely bolted and finished in gray enamel.

The Canopy made of striped material with fringed edge to match the hammock. Shipped from Chicago. Shipping weight of hammock, 75 lbs.; of stand, 35 lbs.; of canopy, 10 lbs.

Console Phonograph 2 Tone Walnut or Mahogany

Open View

Workmanship These phonographs are made by a manufacturer who takes a great pride in expert cabinet work. Not a detail is overlooked in making this a most beautiful Console; strong and well made as well.

The Hardware The exposed metal parts are all fully nickel plated.

Design A most popular Queen Anne Design. The legs are substantial and strong, well turned. The grill in the center is most artistic. The two-tone doors on each side of the grill are doubly hinged. There are four record compartments, two in each side. The top lid is fitted with a continuous hinge and also a cover support.

No. MJ5864. 2-Tone Mahogany Melody Queen Console Phonograph. Price.....

Exceptionally beautiful Console design, splendid tone reproducing qualities, excellent workmanship, high quality and low price. A masterpiece of the craftsmen's art. Combines grace, dignity and harmony in proportion.

The Wood The front, sides and top are of five ply genuine walnut or mahogany veneer. The woods are carefully selected as to grain.

The Finish The well seasoned stock is thoroughly filled and varnished and brought to a smooth satiny luster finish in which the grain of the figured wood is brought out beautifully. The illustration shows clearly, the beautiful two tone effect on the doors and on the top.

The Motor used in this Console is a large type Heine-man motor. It is of the latest double Spring type, sliding transmission gears, worm gear governor. All gears are hardened in oil and milled, not stamped. A powerful motor that operates smoothly and noiselessly.

Tone Arm A concert type Toman Tone Arm and Reproducer fitted with large, clear, flawless mica diaphragm, which strengthens vibration and reproduces a deeper and more natural quality tone. Just by merely turning the sound box on a swivel joint (no extra attachment necessary) it plays all makes of disc records. 12-inch turn table drive of big capacity.

Size Height 33 in., width 35 in., depth 21 1/2 in. Shipped from Chicago. Shipping weight, about 150 lbs.

Portable Phonograph Like A Suit Case

No more dull days when on vacation or camping—music—vocal—instrumental—or whatever you wish to vary the program. Dance to the latest pieces—forget the usual lonesome evenings or the damp, rainy days. Portable, compact—easy to take anywhere. Ideal for the home, too. Set it anywhere and play to your heart's content. No special place needed for it. When you are finished—put it away any convenient place—behind the piano—or in some corner or closet—or on the shelf.

This compact portable phonograph weighs only 13 lbs. The special tone arm and reflecting arrangement has given this wonderful portable a clear, loud, brilliant tone for indoor and outdoor purposes. The case is sturdily constructed, measuring 11x14x7 1/2 in. and is covered with grained black keratol.

Equipped with the highest grade motor, that will play two full selections with one winding. A needle cup is used with a spring lid so that needles cannot slip out no matter in what position the machine is set. Snap locks for keeping the lid closed. Space for tone arm and handle inside.

Sent on approval like everything else in this Home Lover's Bargain Book. Send for it on a month's free trial loan to use and compare for a whole month before you make up your mind. Pay little by little in small monthly amounts.

Space for 8 records in the lid, secured by a wing nut. Shipped from Chicago. Ship. wt., about 15 lbs.

Credit Brings Diamonds

This plan of buying a small diamond and in the course of time exchange it for a larger stone and so on, until you have a nice big diamond, can rightly be called "The Stepping Stones to Success."

It is just like saving money—even better, because a diamond always increases in value.

We will always exchange a diamond ring for a larger one at the full price you paid for it.

"Save the surface and you save all" - Paint & Varnish

Money-Back Paints and Varnishes

No matter what you have to paint, whether house or barn, floor or porch, furniture, bathroom or roof, there are Money-Back paints, enamels and varnishes to take care of all your needs. It is good paint, too. All of the ingredients are scientifically compounded to assure the best possible results. Our paints spread easily, cover a larger amount of surface and preserve this surface the way a good paint should.

Money-Back Guarantee

All of our paints are absolutely guaranteed to satisfy you in every respect or your money back. You can readily see that we could not make a guarantee as strong as this if we did not know our paint was good.

You have a year to pay for all the paint you use. You can order enough paint, varnish and enamel to paint your entire house, inside and out, your barn, roof, floor or porch, and pay for it little by little the same as everything else in this big Home Lover's Bargain Book of ours.

In addition to this binding guarantee, we actually save you money on all paints and varnishes you buy from us. We buy direct from one of the largest paint manufacturers, eliminating all middle-men and jobbers. The saving is yours.

Order as much paint as you need. Don't forget varnishes, enamels and brushes, too. You are sure to be satisfied.

Simple Instructions

To Find the Amount of Paint You Require

Simply measure the length, width and height of the building that you want to paint. Add together the total length in feet of the two sides and two ends of the building, then multiply this by the height of the building and this will give you the number of square feet of surface to be painted.

Just for Example: Suppose you have a building 30 feet wide, 40 feet long and 20 feet high. You would figure it as follows:

Front	30 feet
Left Side	40 feet
Rear	30 feet
Right Side	40 feet
Total	140 feet
Multiply by height.....	20

2800 sq. ft.

Divide 2800 square feet by 250 (which represents approximately the number of square feet of surface one gallon of paint will cover—two coats). You will see that this equals a little over eleven (11) gallons.

If the surface has never been painted before, or if it is a real old job that you have in mind, we recommend that you use three coats instead of two.

If you want to figure on using three coats instead of two, then instead of dividing by 250, divide the total amount of square feet as given above by 165 (which represents the number of square feet one gallon of paint will cover—three coats). This will give you the approximate amount of paint necessary for the job.

Money-Back Ready Mixed House Paint

Nothing else adds so much to the appearance of a home than several coats of good paint. It is a real investment, too. It preserves the house from the elements and makes it last longer and cuts down much of the house repair bills. "Money-Back" house paint is unequalled for keeping your home nicely painted. It is scientifically compounded according to the best house paint formulas. Its spreading qualities are unequalled and its preserving qualities are unequalled. One gallon of our "Money-Back" mixed house paint will cover about 250 square feet with two coats.

Be Safe—Order By Number

Each color is given a number so that you can order by this number and be sure of getting just the color you wish. When figuring the amount of trimming required, you are safe in following the usual rule—one gallon to five gallons of body paint.

Barn and Roof PAINT

If you keep your barns, out houses, implement sheds, and all of the roofs well painted, you not only protect them against the elements, but you will find that it prevents decay and makes your buildings last longer. You will also have less repairing to do if you keep everything well painted.

The particular paint we offer here is especially recommended for painting farm buildings and roofs. For shingle or slab roofs it forms a most impervious coating, protecting the wood against the action of the elements. It is a paint that cannot be equalled for easy spreading, thorough covering and staying-on qualities. The ingredients used have been especially selected to withstand year-round weather.

"Save the surface and you save all" - Paint & Varnish.

Interior Finishing Varnish

One gallon of this high grade interior finish varnish will cover about 500 square feet with one coat. This varnish is intended just for the purpose that the name implies. All of your interior woodwork can be finished with it, and it dries with a high

grade, brilliant finish within 24 hours. **Brighten the Home** Finishing the interior woodwork with this high grade varnish not only preserves the woodwork in its original luster, but at the same time it gives you a cleaner and brighter looking home, and actually helps to lighten housework. It is much easier to clean the woodwork that is finished in the manner that this high grade varnish does it. Your molding, wainscoting, doors and all other woodwork inside the home will look just as bright and shiny as new if covered with this interior finishing varnish. All that is required is a small varnishing brush and a can of our varnish.

It is especially compounded to dry quickly and protect the woodwork with a hard luster finish. Then an ordinary cloth with just a little touch of cedar polish or cleaning oil, will quickly remove any dust that may accumulate, and you will be surprised to see how easy it is to keep the house clean. It actually cuts your house cleaning labor in half.

Linoleum Luster—Preserves Linoleum

You can add years of service to your Linoleum by buying this Linoleum Luster and putting a coat of it on the surface of your linoleum about every three or four months. This Linoleum Luster is especially prepared for covering linoleum and will dry

thoroughly in 12 hours. By using it three or four times a year, you can make your linoleum practically last indefinitely, as only the luster will wear off, and when it wears you can give it another coat. In this way, the linoleum itself will never receive wear. One quart of it is sufficient to cover about 200 square feet—one coat.

Well Built Ladder for Household Use

For the many odd jobs around the house this well made ladder is indispensable. Every step is securely braced with an iron rod. There are large iron washers on the sides of the ladder which prevent nails from coming out of steps. Besides a handy pull shelf, the ladder has double flanged steel hinge cleats riveted to the top and sides and is fitted with a folding lock iron brace. Made of seasoned pine. The strong steel spreader acts also as a durable brace, which makes the ladder when open perfectly rigid. Comes in three popular sizes and heights.

Floor Varnish

This particular floor varnish is especially compounded to withstand the severest kind of wear. It has all the essentials of a good, high grade floor varnish—it will dry quickly and it forms a durable film that can be put to the hardest use. After it has been applied, it will not become brittle or crack up or show scratches

like some of the cheaper varnishes will do. It has a high luster finish; makes it very easy to keep the floor clean. **Liquids Will Not Harm It** You have probably had experience with

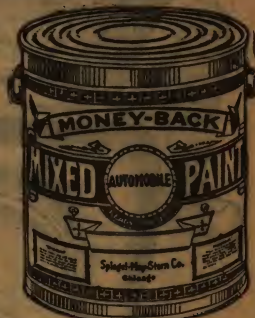

cheaper grades of varnish that turn white when liquids, hot water and the like are spilled on it. Our floor varnish is absolutely guaranteed not to do this. If your radiator should leak, or if, for any reason, liquids are spilled on the floor, you can rest assured that the floor is not going to be ruined and the varnish will not turn white. The special ingredients used in the varnish are proof against this.

Another good feature of our varnish is the brilliant, hard luster imparted to the floor after the varnish is dried. This means that you can give the floor the maximum amount of wear, and just a little polishing now and then with an oil mop will keep it looking like new. One gallon of this varnish will cover approximately 600 square feet of oak, or 400 square feet of pine—one coat. Another feature about this varnish is the fact that it has sufficient body to spread, not like some of the thinner varnishes that soak into the pores of the wood without forming a protective film.

WEBSTER CAST IRON RANGE

Real thrift in range buying consists in getting a good, dependable range like this one, that will give you a lifetime of service. It costs a little more than the ordinary range to begin with, but the added years of service and usefulness more than pay for it. Credit enables you to almost forget about the price now. The cost is spread over practically a whole year in small monthly amounts.

This is our finest, biggest and heaviest cast iron range. In quality, finish and design there are few ranges to equal it.

The Top is cut in 2 removable key plate sections and 1 solid key plate section with short centers and extra heavy covers with substantial center rest. It is fitted with lifting device for broiling, roasting and kindling fire, etc. Has a drop feed door, roomy ash pan.

Castings are made from a carefully prepared mixture of the highest grade of Northern and Southern pig irons supervised by an experienced chemist, producing castings that are smooth, durable, strong, quick-heating and will not warp.

The Oven is large, square, high and roomy with all oven plates reinforced to prevent cracking. All plates are of uniform thickness which assures baking with a minimum amount of fuel.

The Thermometer is of the highest type makes baking easy.

The Fire Box is made with heavy cast linings with fire box extension for long lengths of wood. It is correct in size, shape and weight. Has Duplex grates for hard coal, soft coal, wood, cobs, trash, or any kind of fuel, and is fitted with our wonderful air-ventilated fire back that will give years of service.

The Reservoir is extra large, holding 7½ gallons. Made of copper, tin plated inside. Completely encased in cast box. Heats quickly and holds heat.

High Closet is made of highly finished blue polish steel of heavy gauge, nicely nickel trimmed with double doors and concealed pipe behind the warming closet. 32 inches wide, 13 inches deep and 9 inches high.

Range Without Reservoir

This picture shows the Webster cast iron range without the reservoir.

We recommend the purchase of the range complete with the reservoir unless you have an overhead tank or city water pressure, in which case it would pay you to order the water front which is quoted extra at \$7.25, insuring an ample supply of hot water.

If you do not have city water pressure or an overhead tank, it would pay you to order the range with the extra large copper reservoir which holds 7½ gallons and can be quickly heated to a boiling point.

The Regal cast range is a medium size, handsome and strictly high-grade range that will give excellent service. Made to meet the demand of those who want a good range but one not quite so heavy as our Webster range.

Made of Cast Iron Castings are made of a carefully prepared mixture of the highest grade southern and northern pig iron blended together. The mixtures are made under the supervision of an expert chemist, insuring strong, durable, smooth, even castings.

The Oven is large and roomy, with all of the oven plates reinforced to prevent cracking. The oven plates are of cast iron of uniform thickness which assures perfect baking. Oven opens with a drop door and is fitted with thermometer except the plain black stove, which does not have thermometer.

The Fire Box has heavy cast linings and the fire extension for long lengths of wood. It is correct in size, shape and weight. Duplex grates for burning hard coal, soft coal or wood and is fitted with an extra heavy one-piece fire back.

The Reservoir is cast iron, porcelain lined, with capacity of 5 gallons. Completely encased and has a Japanned top. Plain black range has galvanized reservoirs, 7 gal. capacity. The cooking top is made with cross center construction and good heavy weight 8-in. lids that rest on heavy center rest.

The Ash Pit is large and roomy and is fitted with a steel ash pan with bail. High closet is made of highly polished steel of heavy gauge and has 2 drop doors forming shelves when open. High closet measures 30 1/2 in. long, 12 in. thick, 3 in. high.

Stove has full equipment of drafts including reservoir draft for circulating heat around the reservoir, a draft in the back for con-

trolling flue, and front draft. Pouch feed door in front. Range is mounted on a heavy steel base with cast legs.

White Porcelain and Nickel Trim We furnish this range as illustrated with black cast iron body with nickel plated legs and skirting and nickel plated doors, oven door frame, high closet frame. White porcelain cushion door panels, white porcelain splashers back and top guard. Has thermometer in oven door.

Plain Black The range is also furnished in all black cast iron with no trimming except white porcelain panel in the oven door and nickel plated high closet door frames, giving you an excellent quality range at a very low price. This trim does not have a thermometer or towel rod.

Full Porcelain Enamel, Blue or Gray This high-grade range can be furnished also in full porcelain enamel in your choice of blue or gray color. When you buy this range in full porcelain enamel, you have the last word in a range finish. It is a finish that is very popular because it is so easy to keep clean.

The range is fully enameled in porcelain except the feed door frames, ash pit door, front feed door and high closet frame, which are nickel plated, and the cooking top, which is highly polished. This gives you a contrasting appearance that is very effective. If you order the full enamel range, be sure to state color.

The sizes are: oven, 18 in. wide by 13 1/2 in. deep by 11 1/2 in. high. Cooking top, 27x39 in., without reservoir; 27x45 in. with reservoir. Shipping weight, without reservoir, 410 lbs.; with reservoir, 460 lbs. Shipped from factory near St. Louis.

Why Be Satisfied With Any Old Range

About Terms

Throughout this big Home Lovers Bargain Book you will find monthly payments given under many of the items. This means that if you buy the item separately, the monthly payment shown applies. However, if you buy a number of other things, you will find by referring to the table of terms that the monthly payments on a larger order are usually much smaller. Be sure to consult the table of terms and see how small the monthly payments really are.

Nevada Steel Range Burns ANY KIND of Fuel

A completely equipped, fully trimmed, extra working, low priced range. It is full size in way and very satisfactory for the price. The actual difference between it and our higher priced ranges is the material is somewhat lighter in weight.

We use heavy sheet steel and castings in the construction of this range. The cooking top, doors, fire box and of the warming closet are made of selected iron castings. The body, oven, and high closet are made of heavy rolled steel. The steel body and oven are securely bolted by heavy bars at the bottom to prevent buckling or warping. The joints are securely riveted and cemented to them air tight. All of the cast iron parts are carefully fitted with ground and cemented joints. The steel body and oven are protected by heavy sheets of asbestos to prevent them from burning out.

Fire Box is equipped for burning any kind of fuel with Duplex grates and removable ash pan. The fire box is made of heavy cast iron to give good service. The end linings can be taken out so that you can burn sticks of wood 18 inches long. The back lining is of heavy corrugated cast iron. There is a pouch feed door at the side and a large front feed door, making it easy to keep the fire going. Below the fire pot is an ash pit with a steel ash pan fitted with a wire handle. Fire box is 16 in. long, 8 in. wide and 8 1/2 in. deep.

The Cooking Top has six 8-inch lids and removable centers. These are made of heavy cast iron, securely braced. The base is made of steel, with cast iron legs.

Perfect Baking Oven is large and roomy. It has a drop front door that serves as a shelf, when open. In the center is a wire shelf. The oven is 13 in. high, much bigger than the ordinary size oven. The oven door is fitted on spring hinges and has a cool, lined interior.

The Warming Closet

At the top of the stove is a warming closet with the smoke pipe going through it. It closes with a full-length sliding door that can be pulled out of sight when not in use. This warming closet is the length of the cooking top, 16 in. deep and 8 in. high. Below the warming closet are two nickel plated tea pot stands that can be folded up when not in use.

Plenty of Hot Water

The range can be ordered with or without a hot water reservoir. When ordered with a reservoir we furnish one that holds practically 5 gallons. It is porcelain lined and controlled by a damper so that you can throw the water all around the reservoir, and you hot water in very quick time. Shipped from factory in S. Ill.

Fern Empire Cast Range With or Without High Back or Reservoir

Designed to meet the popular demand for a low priced, dependable cast iron range. It combines the famous strength, durability, fuel economy and perfection of cooking and baking for which all the Empire stoves are noted.

A special kind of castings are used in this stove. These castings are chosen especially for their toughness and heat radiating properties. This means that it will always maintain an even temperature and do your cooking and baking in the proper manner. At the same time it is built to give you many years of service.

Two Styles You can order this range with the high back and closet, as shown in the small picture, or you can buy the same range with a tea rail back instead of the high back, as shown in the large picture. Both styles can

High Warming Closet

When ordered with the warming closet, the stove is made as shown in the small picture. This warming closet enables you to keep food warm and is of ample size, measuring 30 in. long, 12 in. deep and 7 in. high inside. The door slides up out of the way. On the splasher back are two nickel plated tea pot shelves that fold up against the back when not in use.

Ample Hot Water

When you buy the range fitted with a reservoir, you are sure to have hot water at all times. The reservoir is of heavy cast iron, porcelain lined, and holds 12 quarts of water. By turning the damper you throw the heat entirely around the reservoir, which heats it in a short time. The range can also be had without the reservoir, if you prefer. Mazda Steel Range

We do not know of any house selling for either cash or on credit that is offering a range value equal to this one. Our factory, by specializing on one type of range only and making ranges of one size and style in enormous quantities, on the same plan as the Ford Motor Company makes automobiles, is able to cut the cost away below that of the regular stove factory, making a number of different patterns.

Because of the great amount of white porcelain used, this range is easy to keep clean and sanitary. All of the doors, the splashers back, are made with white porcelain panels, the door panels being made in the popular well shape. The door frames and the high closet frame, the front of the reservoir all are finished in baked-on black Japan which is as easy to keep clean as white porcelain and makes a beautiful contrast.

Large Cooking Top The cooking top measures 31½x22 in. without the reservoir, or 43x22 in. when the range is ordered with reservoir. It has six 8-inch lids. The large fire box has duplex grates and heavy cast linings and will burn any kind of fuel. The end linings are removable so that you can burn sticks of wood 18 in. long. The fire box measures 15x7½ in. with all linings in place. There is a pouch feed at the end, also a front feed door. Underneath the front feed is a sliding draft. Large, roomy ash pit is equipped with a wire ash pan with wire bail. High closet is of the latest type.

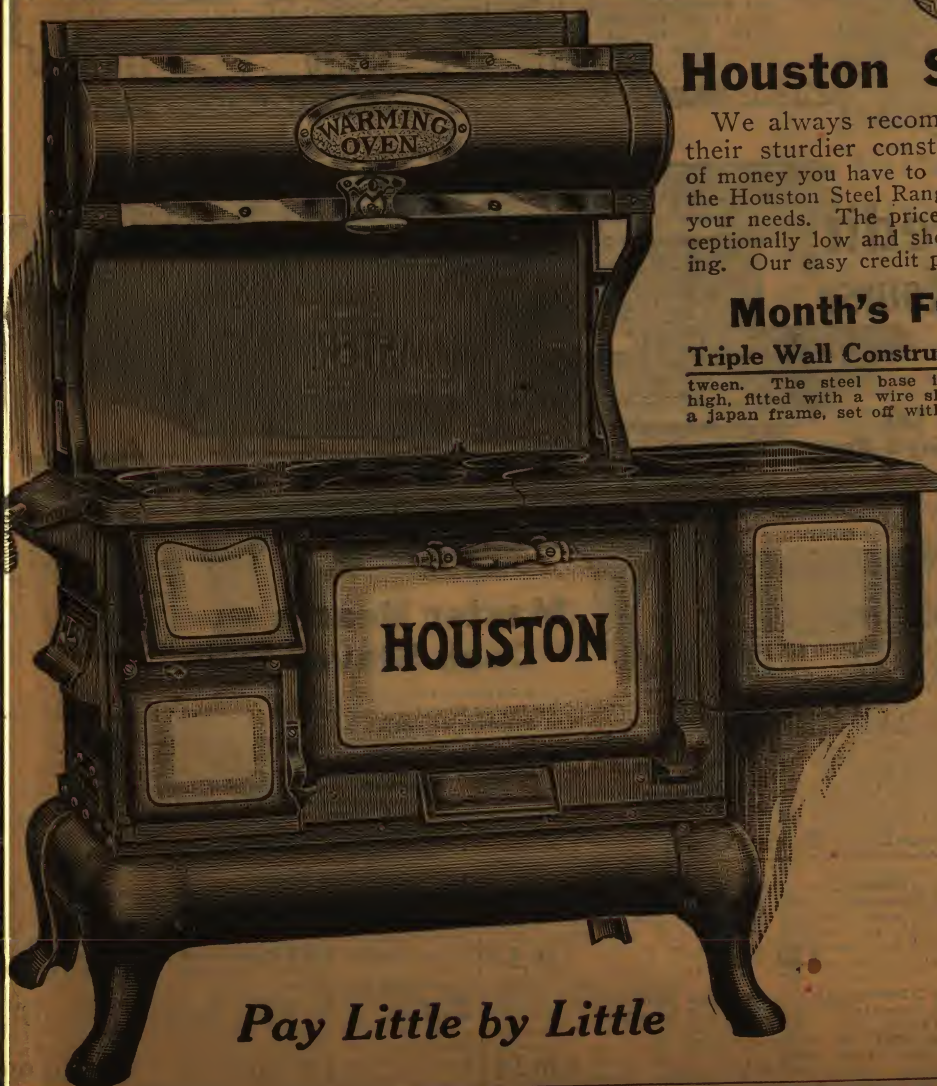

With or Without Reservoir If ordered with a reservoir, we furnish one of galvanized steel. It has a capacity of 22 quarts and heats by contact. It has double lids on the top. Range can be had without reservoir, if desired.

Excellent Baking Oven The oven is ample in size, being 18 in. deep, 18 in. wide and 12 in. high. It is fitted with a wire shelf in the center. It closes with a white porcelain cushion panel door, furnished with an ebony finish cool handle. When open, the door forms a convenient shelf. The base is made of steel with cast legs and the body and oven are made of heavy steel in triple construction, the outer and inner wall being of steel and interlined with asbestos.

Houston Steel Range On Easy Credit

We always recommend the purchase of our higher priced ranges because of their sturdier construction and consequently longer life, yet if the amount of money you have to spend is limited, then the Houston Steel Range will probably meet your needs. The price of this range is exceptionally low and shows quite a nice saving. Our easy credit plan makes it delightfully simple to meet the small monthly payments. When you stop to think that about a dime a day pays for one of these ranges under our plan, there is no reason why you should put off ordering.

Triple Wall Construction

The body and the oven are built of steel in triple wall construction, with steel on the outside and inside, and a sheet of asbestos in between. The steel base is fitted with heavy cast legs. The oven is 18 in. deep, 18 in. wide and 12 in. high, fitted with a wire shelf. The front door is made in drop style, with a white porcelain panel and a japan frame, set off with an ebony wood cool handle. Under the oven door is a clean-out door.

Burns Any Fuel

The fire box measures 16x8x7½ in. It has duplex grates, which can be turned so as to burn either wood or coal, cobs or trash, or anything else that will burn. The end linings are removable so that you can put in sticks of wood 19 inches long. There is a handy drop door at the front for feeding these long sticks of wood. There is also a pouch feed door at the side so that you can feed the fire from the front, the side or from the top under the cooking space. The large, roomy ash pit is equipped with a steel ash pan and wire bail, and closes with a porcelain panel door. Under the pouch feed at the side is a sliding draft.

High Warming Closet

At the top of the splashers back is a high warming closet with a cast iron japan frame and nickeled name plate and handle. It closes with a roll style door and provides ample space for keeping food warm. The inside measures 30 in. long. Stove pipe is in back of splashers out of sight.

The Cooking Top

has six 8-inch lids and is made in key plate style. It measures 43½x23 in. with the reservoir.

or 31½x23 in. without the reservoir. When the reservoir is furnished we supply one that holds 22 quarts of water. It is made of galvanized steel, has a white porcelain panel at the front and heats by contact. The range can also be furnished without the reservoir, if desired.

Credit Makes It Easy to get the range. You don't have to worry about a big cash outlay when you buy from us. If this range is the one you want, simply send a small deposit and the range will be sent immediately upon a month's free trial loan. You can set it up in your kitchen and cook on it and bake with it and use it in every way just as though it were yours for a whole month, before you make up your mind about it.

You can look around local stores or anywhere else and see what a similar range costs you. You can compare the appearance, construction and the size with any other range you wish. If, for any reason, you are dissatisfied, you simply return it at our expense and your deposit is immediately refunded, together with all shipping charges.

Something Brand New! Used with Gas or Oil Range!

Cast Iron Kitchen Heater

You will find this kitchen heater very useful for heating the kitchen, burning trash and doing a small amount of cooking and is especially recommended when you want to use gas for cooking or use your oil stove all the year around. This kitchen heater enables you to dispose of trash and build a fire when you desire.

The legs are made of the best cast iron with a cooking top 12x24 inches; heavy fire box of cast iron sides and end linings; two cooking lids. Duplex grates for coal or wood. Burns any kind of fuel, including trash. Steel ash pan. 6-inch pipe collar. Two 8-inch lids. Removable center.

Takes Little Space The big advantage and convenience of this heater lies in the fact that you can set it next to your gas or oil stove and adjust it to the same height. This gives you more room for setting things around when you need them for cooking, at the same time you can use the heater for burning little odds and ends that always accumulate, or to heat up the kitchen on chilly days. Legs are adjustable so that height can be adjusted to from 27 to 38 inches. Shipped from factory in Southern Illinois. Shipping weight, about 200 lbs.

Combination Bungalow Gas-Coal Kitchen Range

One of the most popular styles of cooking stoves. It serves a double purpose and answers the requirements of nearly every home.

You have in this range a regular gas range with all of the convenience of gas, and besides, you have built into the range, so that it is part of the range itself, a fire box for burning coal, wood, cobs, trash or any other kind of fuel. This serves as a place to burn any accumulation of trash or papers and can be found very useful in very cold weather for heating the kitchen, or for cooking also, if more space is needed or if gas pressure is low.

Two Styles

Comes in your choice of gray, blue or white enamel with all iron and steel parts finished in porcelain enamel with the oven door panel, splash-back, back guard and drip pan, white porcelain enamel on all models. Has nickel-plated manifold. Or the range can be furnished in black with white porcelain splash-back, back guard, front door panel and drip pan. Nickel plated manifold and other parts black.

Four star-shaped burners for burning natural or manufactured gas. Below is a large oven heated by gas. Oven measures 16 inches wide by 18 inches deep by 12½ inches high. Has shelf, making two compartments and drop door, forming a shelf when open. This door has a white porcelain cushion panel, white handle and heat indicator. At the left is a large fire box 17 in. long, 6½ in. wide, 10½ in. deep, with two 8 in. cooking lids. Duplex grates. Fire box has heavy linings. It has end feed door. Below is a good sized ash pit with steel ash pan. Stove is set on cast iron legs.

Important Notice

When ordering, be sure to state whether you use natural or manufactured gas. Stove is securely crated. Shipped from factory in Southern Illinois. Shipping weight, about 235 lbs.

Cooking top measures 32½ inches wide by 22 inches deep and is 33½ inches high from floor. Height overall is 51 inches. Gas cooking top only 22x21 in., coal cooking top only 12x22 in. Floor space 34 in. wide by 30 in. deep. 6 in. smoke pipe.

Delicious Muffins

Equal To Any Pastry Cooks

I Made Them!

"My husband was always fond of delicious, fluffy, muffins for breakfast, but somehow I never had the success that I used to have when we were first married and done my baking on a gas range with a built-in oven."

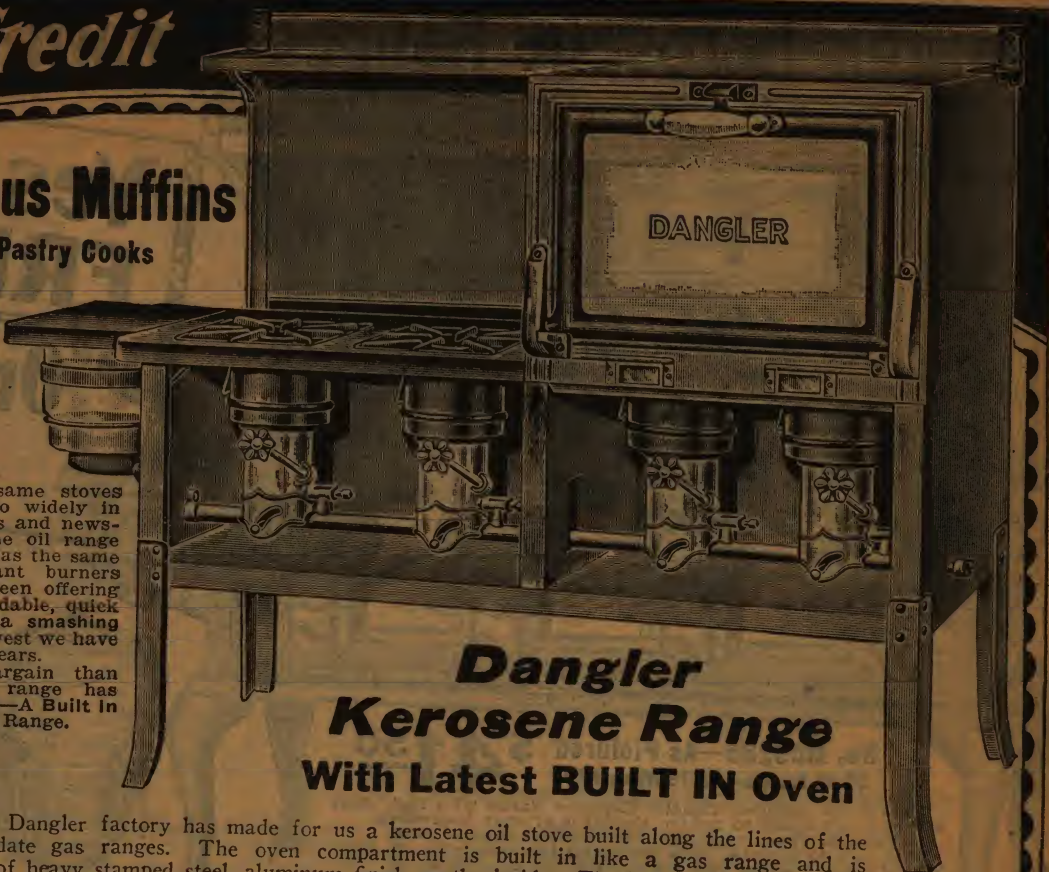

"Just lately I saw the new Dangler Kerosene range with the built-in oven in Spiegel's catalog. It appealed to me. I sent for it—I used it—and now I am again baking muffins, pastries, pies and bread as good, if not better than I formerly did on the gas range with the built-in oven."

That, too, will be your story if you get one of these new Dangler Kerosene ranges with the built-in oven.

This Dangler kerosene (coal oil) range is just as efficient as a gas range. It gives you the same quick action—no waiting—merely strike

This range is built by the famous Dangler Company, the same stoves you see advertised so widely in the leading magazines and newspapers. This kerosene oil range we are offering here has the same famous Dangler Giant burners that Spiegel's have been offering for 20 years—a dependable, quick action oil stove, at a smashing new low price—the lowest we have been able to offer in years.

Even a bigger bargain than usual—because this range has something Brand New—A Built In Oven—just like a Gas Range.

Dangler Kerosene Range

With Latest BUILT IN Oven

The Dangler factory has made for us a kerosene oil stove built along the lines of the up-to-date gas ranges. The oven compartment is built in like a gas range and is made of heavy stamped steel, aluminum finish on the inside. The bottom is also of steel. The sides, back and door are double lined with air space in between insuring perfect heat distribution. The bottom is removable and can be taken out when desired. When this is done, the two oven burners can be used for any other kind of cooking. The oven is so constructed that fresh air is constantly taken in at the bottom, insuring perfect

circulation and giving you absolutely uniform baking results. You can do much better baking with a built-in oven range than with one equipped with a removable or portable oven. The oven is extra large, measuring 18 in. wide, 16 in. deep and 11½ in. high.

A Saving of \$14.00—And only \$2.00 down

This new Dangler kerosene oil range gives you the same conveniences that folks in large cities get from their gas ranges. It burns the cheapest kind of fuel, kerosene (coal oil) that you can buy anywhere for a few cents a gallon. It is very economical to operate—and it is built to last.

Giant Burners The range is equipped with Giant wick burners of the most improved type. Easy to light as a burner on a lamp. Can readily be turned up or down to give you just the size of flame you desire. The burners are also fitted with a wick stop, which automatically stops the wick at the correct height for lighting. These wicks are made of the highest grade cotton, closely woven and extra heavy in weight. They produce a blue flame, seldom require trimming, and give extra long service. The burners produce an intense blue flame which strikes directly on the bottom of the cooking utensil.

This range burns kerosene (coal oil) which is the cheapest kind of fuel. Easy to operate. The oil reservoir is made of clear glass and holds a gallon of oil.

Blue Enamel Finish Range is finished in a rich, blue enamel with gold striping and has a white porcelain enamel oven door panel and black japanned cooking top. The cooking top is 17½ in. deep by 25¼ in. wide. There is a shelf at the end over the oil tank, 7 in. wide. There is also a shelf 6 in. wide above the splashers back. The range stands 48 inches high from the floor. The length overall is 55 in. Depth overall, 21 in. Securely crated and shipped from Chicago. Shipping weight, about 170 lbs.

Dangler "Pressure" Gasoline Stove

A gasoline pressure stove gives you an intense hot flame; it is even hotter than city gas. With these gasoline pressure stoves, no matter where you may have the same convenience as cooking. This stove actually burns gas which it generates from, of the gasoline.

The gasoline is forced by air pressure to a simplified yet cleverly constructed generating device connected with the master burner. The generator generates the gasoline into gas and it is delivered to the burners under pressure. The result is a flame hotter even than city gas and burns with a clear blue green color. The flame, which can be regulated at will to any desired height, is clean and odorless and does not throw off smoke or soot.

Construction is exceedingly simple. No wicks or wick rings to get out of order or need attention. Carbon accumulation in generator is quickly and easily removed. It takes only a moment to start this stove after the preheater, which heats the master burner, is lit, after which the stove is automatic in operation. To operate, you simply fill the tank with gasoline and pump it up with air with the pump that is furnished, and the stove is ready for hours of cooking.

Sturdily Built of pressed steel, beautifully designed and finished in smooth, high gloss baked on gray and black japan. It is neat, durable and easy to keep clean.

We furnish this stove in either the 3-burner size as illustrated or with 4 burners. When furnished with 4 burners, there are 2 master burners. You can do perfect baking with this stove by buying one of our portable ovens to use with it.

Stove measures 53 inches high overall. The main top is 31 inches high from the floor; the capacity of the tank is 1 gallon. New Low Price!**

This is the first time in twelve years that it has been possible to offer such a wonderful bargain in a felted cotton mattress. The big crop of cotton raised in the south this year, enables the manufacturers to buy cotton at a new low price and we immediately had them make up a quantity of mattresses for us at these new low prices. Now we can offer you a real saving!

This new, fresh cotton is thoroughly cleaned and then felted in layers, making a thick cotton bat several times the thickness of the finished mattress. This cotton batting is then compressed by special machinery until it is the size of the finished mattress. It is then shipped into a heavy quality floral art ticking, closely tufted, well made throughout and finished with Imperial roll edges. The tendency of the compressed felted layers is to resume their original effect, producing that soft, buoyant restfulness that you will find so desirable in this particular mattress.

Three Sizes You can have the mattress in the full bed size 4 ft. 6 in. wide or the three-quarter bed size, 4 ft. wide, or the twin bed size 3 ft. 3 in. wide. All mattresses are carefully wrapped in paper and burlapped so as to reach you clean and fresh just as they come from the factory. Shipped from Chicago. Actual weight, 50 lbs.; shipping weight, 55 lbs.

Brand New Simmons Bed Idea

Gone are the days of the old, straight line effect steel beds. The Simmons Company have given you something entirely new—a dependable steel bed with all the strength and rigidity retained—but with a new touch of art that gives you the beauty of wood, and the beauty of a hand turned wood bed, and adds a touch of distinction to your bedroom.

Spiegel's are the first ones to offer you this brand new Simmons idea.

Artistic Bed is made with continuous main posts and top of 2-in. round tubing, finished at the bottom with ferrules and casters. The feature of this bed is the five upright filling rods at both head and foot that measure 1 1/2 in. in diameter at the largest part and 3/4 in. in diameter at the smallest part. The bottom cross rod is 1 in. in diameter. Reversible angle side rails. Head, 50 in. high; foot, 34 in. high; Full size only, 4 ft. 6 in. wide, and 6 ft. 4 in. long.

The Finish can be had in your choice of a rich walnut brown color, known as Simmons ungrained walnut, or the old ivory enamel finish.

The Bedspring is also a Simmons product, with heavy pipe sides and angle iron ends. Corner riser brings the fabric 4 inches above the side rails. This fabric is double link twisted wire with small coil springs at the end, and the sides are finished with steel strap border.

Choice of two style mattress. (We recommend the felted cotton mattress for a complete outfit.)

Cotton Top Mattress

A Big Roomy Bed At Night

Genuine Simmons Double Day Bed — With Mattress

Housewives have come to depend upon us for bargains in genuine Simmons beds. This genuine Simmons double day bed is a bargain you'll like. First of all, you save \$5.00 over the usual retail price. Then, too, you get a new and distinctive design with four attractive panels 4 1/4 inches wide in both the head and foot end. These panels are neatly decorated with floral designs.

Double Purpose This day bed makes a beautiful daytime and at night it makes up into a full size bed with spring and mattress included.

The ends are made of round steel tubing, 1 1/2 inches in diameter with a bottom cross rod 3/4 in. in diameter and upright panels 4 1/4 inches wide. The ends stand 28 inches high from the floor and the height from the floor to the top of the mattress is 18 inches.

The ends are finished in a rich walnut brown enamel and the frame work is finished in gray enamel to prevent rusting.

The Framework is made of heavy angle steel well bolted and braced. Fitted with twisted link wire fabric bed spring, supported at each end with small coil springs. The fabric is galvanized to prevent rusting. The section that slides in and out is fitted with easy rolling casters.

The Mattress is filled with clean, white cotton covered with floral design material. Finished with a valance at the front and both ends so as to cover the framework. The mattress is thick and comfortable and makes a nice soft bed.

When open, the day bed is 45 inches wide and 72 inches long. When closed with the mattress folded, it is 24 inches wide and 72 inches long. The small picture shows it open as a bed and the large picture, closed as a couch.

Shipped from Chicago. Shipping weight, about 135 lbs.

Everything You Need—In This Outfit

Forty-four pieces in all—not a room in the home but what will be benefited by something new and useful. Just such needful things as you yourself would select—perhaps one at a time—at much greater cost, of course. Here—everything, and at a tremendous saving, too. And best of all—don't forget credit.

The outfit includes the following:

Four Sheets Full bed size, bleached to a pure snow white, neatly hemmed, and made without any filling or adulteration. Size, 81x90 in. before hemming.

Four Pillow Cases match the sheets in quality. Full bleached to a pure snow white. Measures 21x35 inches. Neatly hemmed and well finished.

Six Huck Towels A superb quality, made of an exceptionally absorbent cloth in the famous close huck weave. You get six of these. They measure 16x28 inches.

Colored Stripe Crinkled Bedspread Made exceptionally close woven quality. The colored stripes are absolutely fast. You can wash this spread the same as you would a towel. Full-bed size, measuring 80x90 inches.

Six Wash Cloths Made with blue and pink colored borders. Good quality Terry. Colors of border are fast. Size about 9½x10 inches.

French Voile Silk Fringed Curtain An extraordinary value. French voile silk fringed curtain, scalloped both at top and bottom. The pattern is an imitation Irish point applique. Size, 40x2 5/8 yards. This would easily cost \$2.50 to \$3.00 if you were to buy the curtain alone.

Two Colonial Rag Rugs Made of good clean material throughout, brought out in the famous old Colonial hit-and-miss pattern, with double crowfoot border, finished with self-warped fringe ends. Size, 25x50 in.

One Oil Cloth Table Cover Good quality cloth, brought out in a particularly pleasing design. A handy little item to have around the home to put over the kitchen table. Size 48x48 inches. Can be used on either round or square table.

Six Hemmed Turkish Towels Made of good quality Terry, very absorbent, finished with a nice blue band border, and neatly hemmed. These measure 14½x26 inches. Most men folks prefer this size turkish towel as a face towel.

Five Yards Drapery Cretonne brought out in beautiful woven quality, elegantly printed. This material is 34 inches wide. Five yards is sufficient to make a pair of drapes. Can be used for this purpose, or to cover day beds, or as covering for pillows.

Five Yards Sunfast, Tubfast Drapery Material This is absolutely tubfast and sunfast. You can wash this the same as you would a white sheet, and the color will not fade whatsoever. Neither will the strong rays of the sun change the color. It can be made up into nice curtains to cover the window in full, or as side hangings. 36 in. wide.

Four-Piece Ruffled Curtain Set These four pieces consist of two side hangings measuring 27 inches wide by 2½ yards long, and two ruffled tie-backs to match. Made of good quality marquisette, brought out in a very pleasing cross-bar design.

Seven-Piece Colored Table Set Consists of one cloth, measuring 54x68 inches and six 14x14 inch napkins to match. A very closely woven, well made mercerized set. The colors are absolutely fast. You have your choice of either Blue or Gold colors.

When ordering, be sure and specify whether you wish BLUE or GOLD colored Table Set.
